

Namibia Critical Metals looks to pre-feasibility on Lofdal project following robust PEA

DIGITAL ASSET DIRECT BY NAMIBIA CRITICAL METALS

Vancouver, BC | January 05, 2023 03:00 PM Pacific Standard Time

Namibia Critical Metals CEO Darrin Campbell said the company has provided an update on the Lofdal heavy rare earth project in Namibia and its partner JOGMEC. Campbell talks about the November PEA and next steps for the project. Campbell also updated on JOGMEC, which has now introduced the project to some large Japanese industrial partners in a bid to accelerate its development.
