

Nauticus Robotics adapting spaceflight technology to the ocean with US Marine Corp project

NEWS RELEASE BY NAUTICUS ROBOTICS

New York | May 03, 2023 11:26 AM Eastern Daylight Time

Nauticus Robotics founder and CEO Nicolaus Radford joins Proactive's Natalie Stoberman from the Proactive newsroom to share the latest milestone from its Defense Innovation Unit (DIU) Amphibious Autonomous Response Vehicle program for the US Marine Corp.

Nauticus Robotics is a developer of autonomous robots using artificial intelligence for data collection and intervention services for the ocean industries. Nauticus' robotic systems and services are delivered to commercial and government-facing customers through a Robotics-as-a-Service (RaaS) business model and direct product sales for both hardware platforms and software licenses.
