

Nutritional Resources Inc & Ovation Foods Announce Strategic Partnership

NEWS RELEASE BY OVATION FOODS

Waterloo, WI | May 11, 2023 01:00 PM Eastern Daylight Time

Nutritional Resources Inc. dba HealthWise, a Grovetown, Georgia creator of meal replacements and high protein nutritional foods is excited to announce a strategic and financial partnership with Ovation Foods Inc. based in Waterloo, Wisconsin

www.inovationfoods.com

For almost 30 years Nutritional Resources has been committed to providing healthcare professionals with the highest quality, greatest tasting , and affordable nutritional products to help their patients reclaim their passion for life. Ovation Foods is on a similar mission to create the most nutritionally dense snack foods using innovative and proprietary food technology and the power of the natural whole egg. The egg is nature's multi-vitamin and one of the most nutrient dense foods on earth.

This is an exceptionally exciting time in Food Science. Innovation is critical to providing affordable nutrient rich snacks. Nutritional Resources Inc and Ovation Food's core values are aligned that good health starts with good nutrition.

Ovation Foods will also be leveraging innovative food technologies created by Ab E Discovery in Wisconsin to reinvent real foods into nutrient rich snacks that can deliver proven bio- functional benefits for everyday snacks.

This month Nutritional Resources was also honored to be recognized as SMETA certified. SMETA is the most widely used ethical audit format in the world. It audits the best practices in the field of corporate social responsibility and environmental stewardship.

For more information on how Nutritional Resources and Ovation Foods can innovate nutrient dense food, please give us a call. We actually answer the telephone with really nice humans.
