

Solis Minerals to start drilling new high-grade lithium project within weeks

NEWS RELEASE BY SOLIS MINERALS LTD

Melbourne, Victoria | June 01, 2023 12:50 PM Eastern Daylight Time

Solis Minerals Ltd (ASX:SLM, TSX-V:SLMN, OTCQB:SLMFF) executive director Matt Boyes speaks with Proactive after signing a binding agreement to acquire the Jaguar Lithium Project in Bahia state, Brazil, which hosts spodumene grades of up to 4.95% lithium oxide in rock chip samples. A field campaign will start shortly to complete systematic geochemical sampling of all known outcrops plus mapping and target generation for follow-up drill programs. A rig has been secured and the company plans to start drilling this month.
