

Southern Gold readies for gold, lithium and rare earth finds in 2023

DIGITAL ASSET DIRECT BY SOUTHERN GOLD LTD

Melbourne, Victoria | December 17, 2022 10:20 AM Eastern Standard Time

Southern Gold Ltd (ASX:SAU) managing director Robert Smilie is back with Proactive to discuss exploration for critical and precious metals in South Korea. The company has just kicked off a fieldwork program ahead of schedule as it hunts for lithium and rare earth elements across priority targets. Meanwhile, gold exploration is underway at the Goseong and Deokon projects, where a drill program is expected to commence early in the new year.
