

United Lithium increases land position at Liberty lithium project in South Dakota

DIGITAL ASSET DIRECT BY UNITED LITHIUM CORP

Vancouver, BC | January 04, 2023 06:00 AM Pacific Standard Time

United Lithium CEO Michael Dehn shared news that the company has increased its land position at the Liberty lithium project in South Dakota following confirmation from the Bureau of Land Management. Dehn told Proactive the 220 claims significantly extend the project and secure numerous pegmatite bodies with most having seen no previous exploration or production.
