

DEEP DIVE INTO SPECIES RECOVERY FOR MOUNTAIN BONGO RESOURCES & INFORMATION

KENYA MOUNTAIN BONGO PARTNERSHIP ONE-PAGER

STRUCTURED DECISION MAKING GUIDE & STUDENT WORKSHEET

INTERPRETING MAPS ACTIVITY

OTHER RESOURCES

These are some additional resources that provide background about the mountain bongo and recovery efforts.

Wilder Institute

Information on the Wilder Institute and collaborative programs.

Ragati & Chehe Mountain Bongo Conservation Trust

Information related to the collaborative mountain bongo program in Kenya.

Structured Decision Making

A deeper dive into Structured Decision Making and the PROACT Framework.

IUCN Red List

The IUCN Red List tracks the global extinction risk of plant and animal species. Here is the mountain bongo page:

BOOK A PROGRAM

Interested in learning more about conservation in action? Check out our school program offering or reach out to find a program that will work for your class!

Know a teen who is passionate about the environment and wants to make a real difference? Invite them to join the Conservation Champions Club, where they will explore the natural world, build conservation skills, and take meaningful action in their community.

Looking for a way to inspire your students to protect and care for the natural world? Register your class for the Conservation Champions Festival, where students can showcase their conservation projects, share their ideas with the community, and celebrate their impact on the environment!
