Food For Others Existing Contact VolunteerMatters Registration Process

Step 1: Go to the registration URL as directed via the email you received. The URL is https://foodforothers.volunteermatters.org/register. Once on the registration form, enter your email address. The system will recognize your email as a contact in the system and prompt you to click a link to send a verification email to your email address.

Step 2: The email will include a new personalized registration URL for you to click on and take you back to the registration form with your information pre-populated. If you cannot locate the email please check your spam folder for an email from no-reply@volunteermatters.org.
Step 3: On the personalized registration page (you can tell as the email will be greyed out), create your username and password (reference 1 in the image below) and make sure to fill in any empty fields that are required which are noted by the asterisk in the field value (reference 2 in the image below). You can also fill in and/or change any of the other fields. Then click “Continue” button to finish your registration.
Step 4: After clicking "Continue" you will be automatically logged in and be presented with any credentials required of volunteers.

Step 6: After signing all of your credentials, you will land on the Volunteer Dashboard.

From the dashboard you can search volunteer opportunities in the project catalog, view announcements (if available), visit your profile, and/or modify your login information.

Click here for more information on the Volunteer Experience and the project catalog.
