

My Gift to You: A Top 10 List of My Favorite *TradeSmith* Screens

This year I've written thousands of words in numerous *Inside TradeSmith* columns praising our awesome Screener tools. It indeed provides everything I desire in a stock screener.

So, as 2023 winds down, I want to deliver an extra gift to you: a Top 10 list of my personal favorite stock screens. That includes a few columns that resonated with many of you – thanks for sharing your feedback!

It's a great way to remember just how much A.I.-powered research and analysis our *TradeSmith* tools can accomplish for you.

You should be able to access each of these columns using the links below. But if you have trouble, be sure to log in to *TradeSmith Finance*, then refresh your browser tab.

Armed with this list, you'll be prepared to take full advantage of these screens to easily uncover a multitude of new investment ideas in 2024 and beyond. Let's dive right in.

My Top 10 List of *TradeSmith* Screeners

No. 10: [Screening for Winners: TradeSmith's "Quick Start Guide" to Finding the Market's Best Stocks.](#)

Let's open with the basics: what's a stock screener, why should you use one, and how can *TradeSmith's* tools can help you screen faster.

No. 9: [How to Profit No Matter What the Federal Reserve Does Next.](#)

The Federal Reserve has been engaged in a highly-choreographed dance with markets and it keeps pretending it can predict the future. No one knows what will *actually* happen next – but I have a Screener setup that will position you regardless of what Powell & Co. do next year.

No. 8: [Here's How to Identify Growth Stocks at a Reasonable Price.](#)

Everybody loves growth, but you don't want to pay too much for it. Here's a screen to ensure your stocks are not too rich.

No. 7: [Find the Top Stocks from Healthy Sectors – And Send Uncertainty Packing.](#)

Combine the power of an *Ideas by TradeSmith* strategy with my favorite tools to identify the top stocks in only the healthiest sectors of the market.

No. 6: [How Our Options360 Covered-Call Strategy Can Put Income in Your Pocket.](#)

Folks who've been following my work for a long time know that covered calls are among my absolute favorite moneymaking strategies. This *TradeSmith* tool makes it easy to find the best covered calls.

No. 5: [These Stocks and Sectors Shine After the Rate-Hike Cycle Ends.](#)

We just might see the end of interest rate hikes. Here's a quick way to find the areas of the market sensitive to that shift.

No. 4: [Welcome to "The Great Earnings Reset" – The Next Big Catalyst for Higher Stock Prices.](#)

What do you call healthy stocks with bullish timing patterns and upside price momentum? I call them Bullish Triple Conviction, and I'll show you how to set up a screen to find them.

No. 3: [Buyer Beware: How to Avoid the "Value Trap" Stocks That Can Kill Your Portfolio.](#)

Looks can be deceiving, and value isn't *always* the bargain it seems.

No. 2: [Kinetic Stocks Can Deliver Big Gains in January and Beyond.](#)

Here's another timely *Ideas by TradeSmith* strategy – with a 5-to-1 reward-to-risk ratio – that can set you up for the seasonal success that arrives a few days from now.

No. 1: [How This One Number Can Help You Beat the Market – And Lower Your Risk.](#)

Here's another look at one of my most popular columns of the year, using free cash flow to enterprise value.

***Special Holiday Bonus:* [My Triple-A Screen Combines Our Most Powerful Moneymaking Tools.](#)**

This is one of my most powerful screens – combining the *Business Quality Score*, *Trade Cycles*, and *Predictive Alpha* – and it resonated with many of you, too.

Mike Burnick's Bottom Line: Be sure to keep this article handy. Save it to your computer for easy retrieval or print and pin it to your bulletin board so you can easily use it to generate potentially profitable investment ideas in 2024.

Happy holidays, and here's to a prosperous New Year!

Good investing,

Mike Burnick
Senior Analyst, *TradeSmith*

P.S. Longtime readers know that I love to include my favorite *TradeSmith* tools – the Business Quality Score, Peaks & Valleys Indicator, and Covered Call Builder in my Screener searches. As a *TradeSmith* Platinum member, you already have access to these and every other *TradeSmith* tool we've created, now – and in the future.

If you haven't already, [dig into TradeSmith Finance](#) and explore all the features, just a few clicks away.
