Important

This plot sheet is just a representation. The designer and/or draftsman are not engineers and are not qualified to determine if the design or drawing complies with the structural safety or the requirements of the construction code. The weights are from the manufacturer's catalog and there may be variations during assembly. The weight of extra material is considered as cables, slings, clamps, etc.

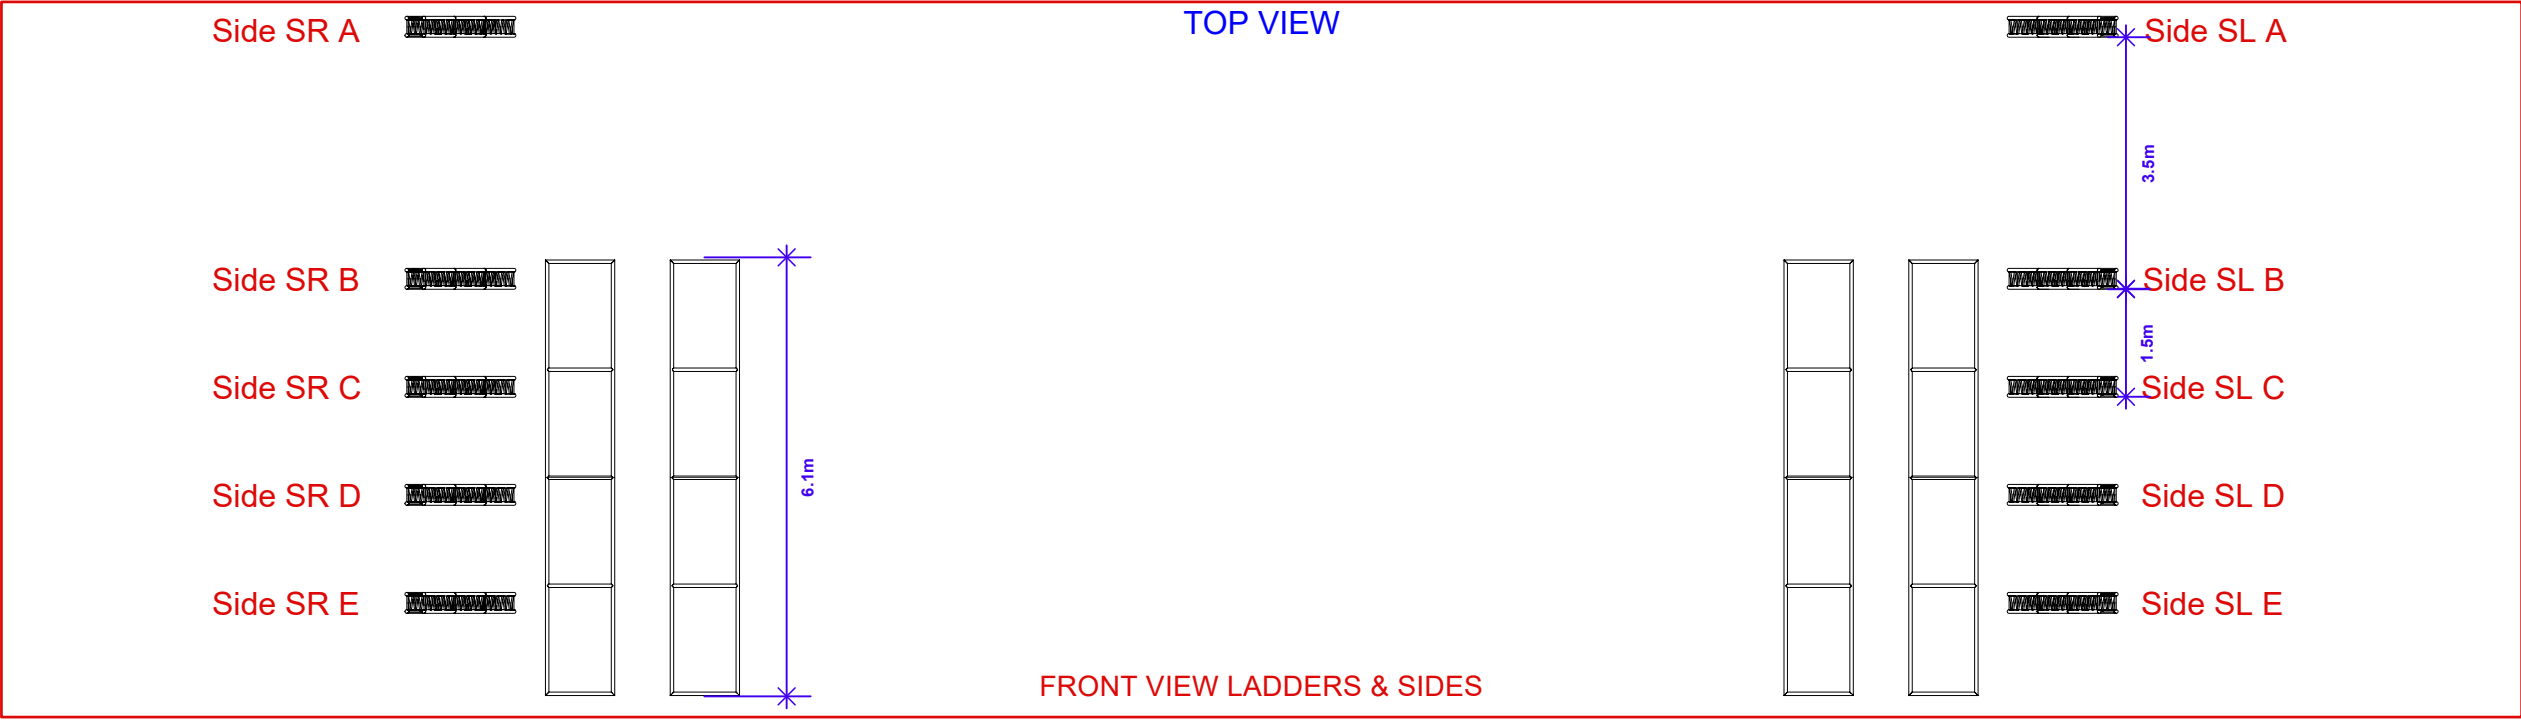

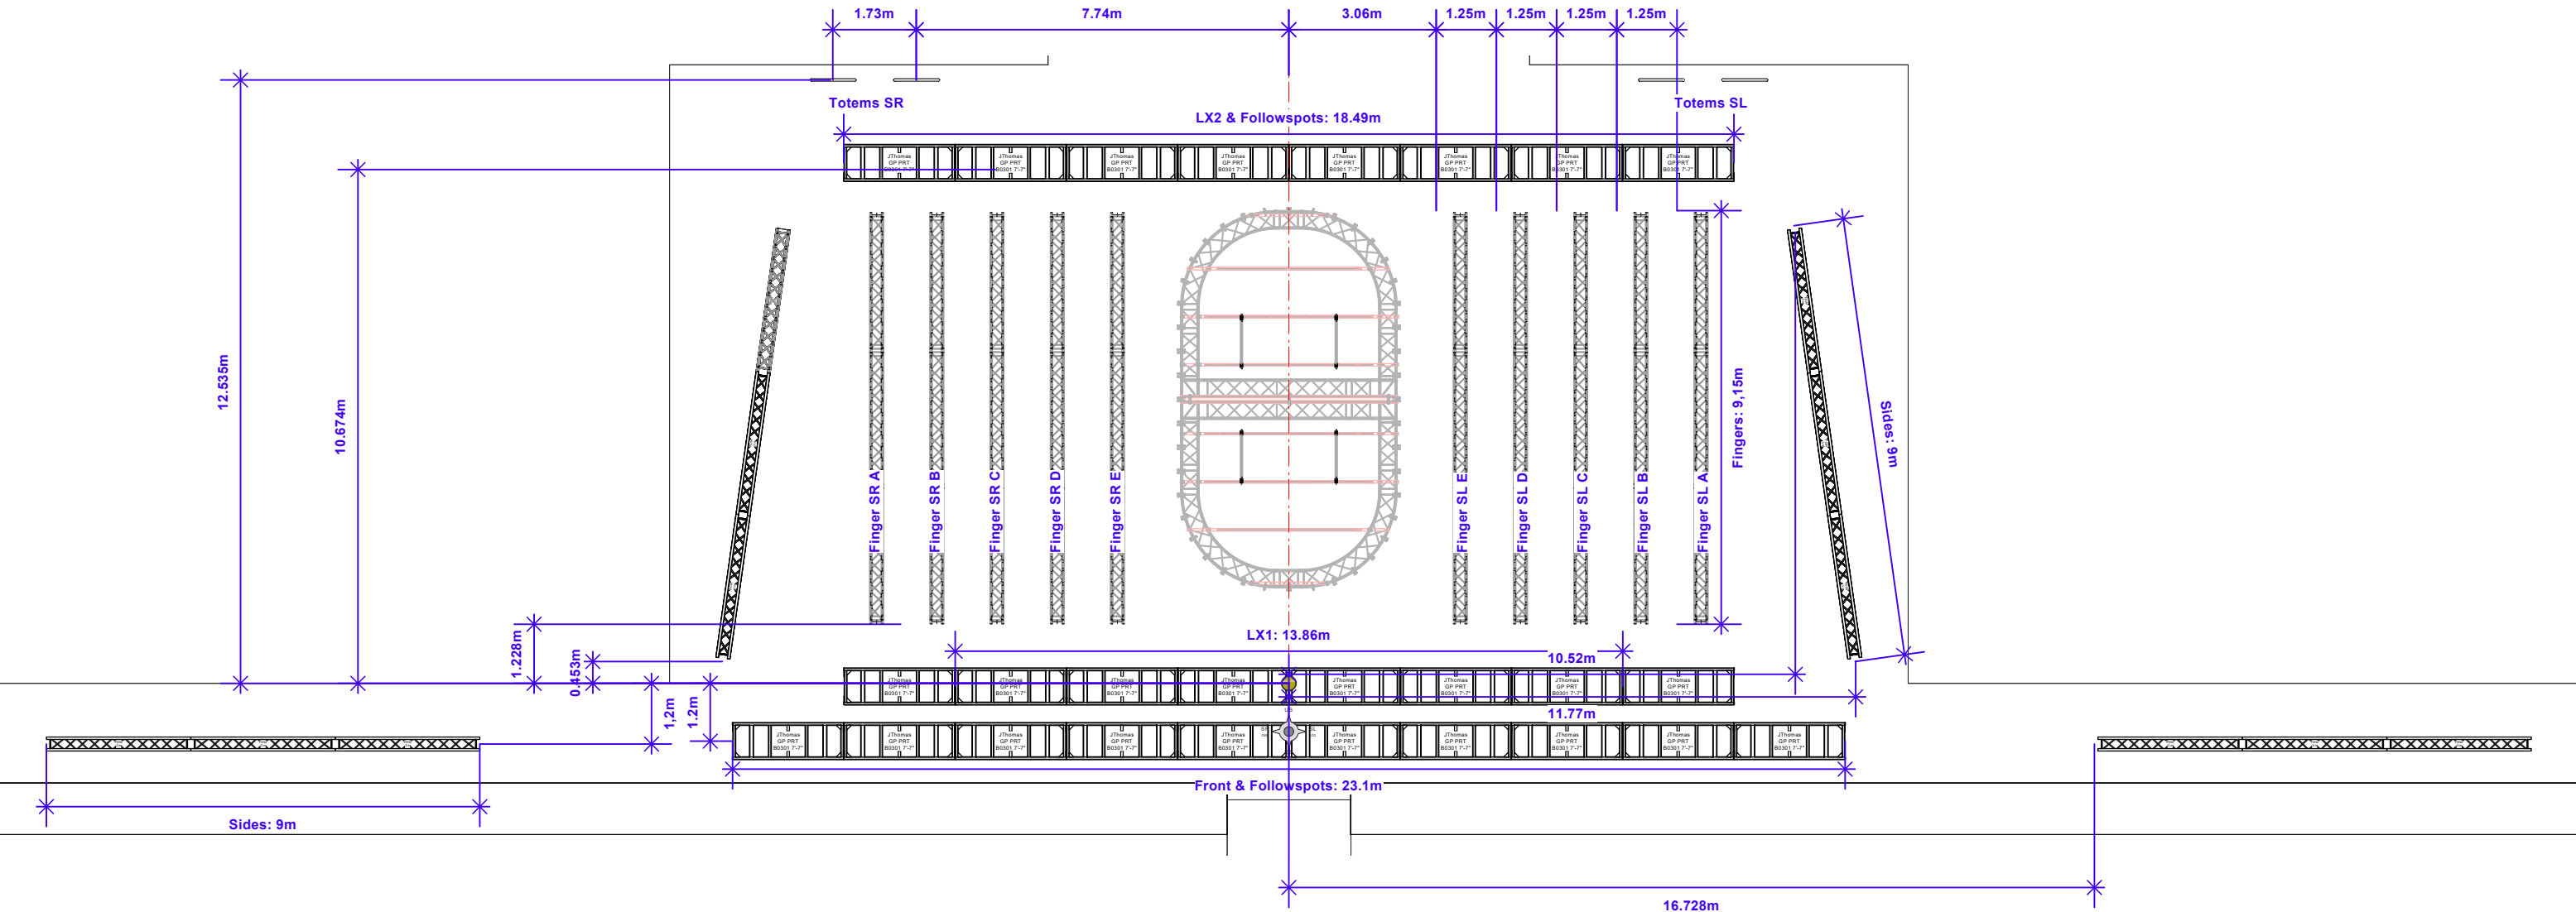

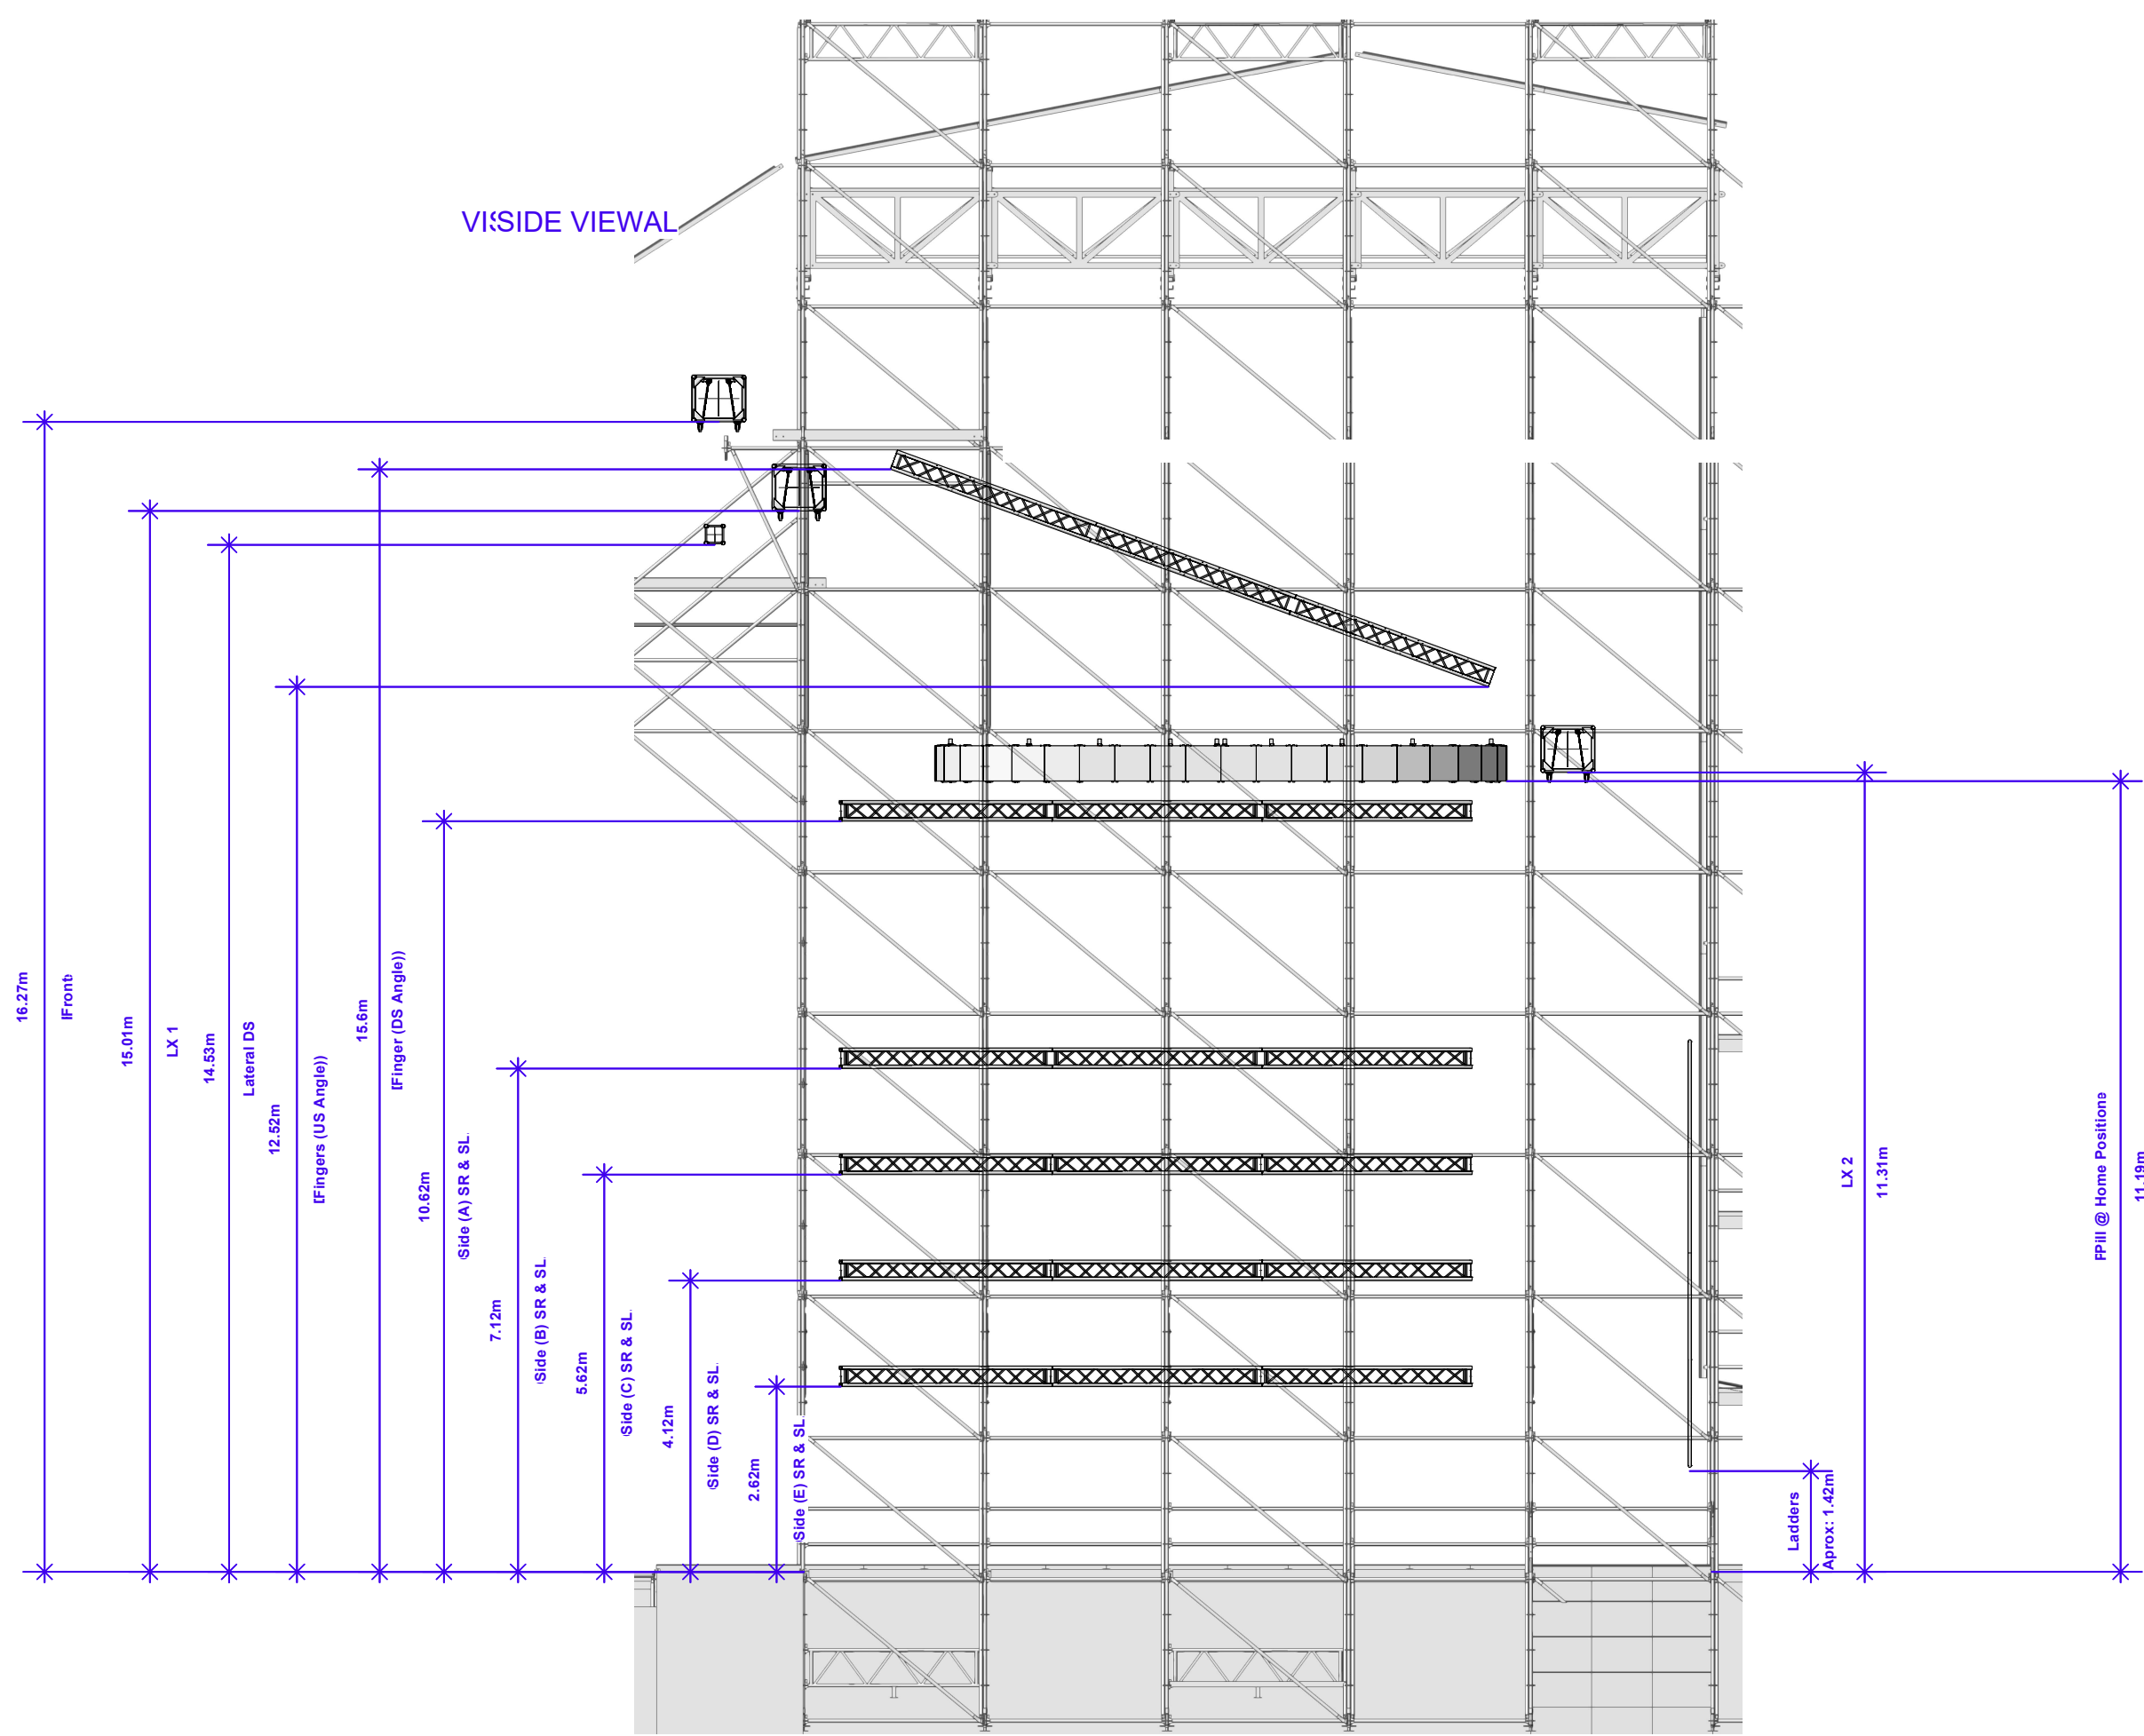

Before printing this plan, think carefully about whether you need to do so and try to use recycled paper. Discard with recyclable material.

This plot sheet is just a representation. The designer and/or draftsman are not engineers and are not qualified to determine if the design or drawing complies with the structural safety or the requirements of the construction code. The weights are from the manufacturer's catalog and there may be variations during assembly. The weight of extra material is considered as cables, slings, clamps, etc.

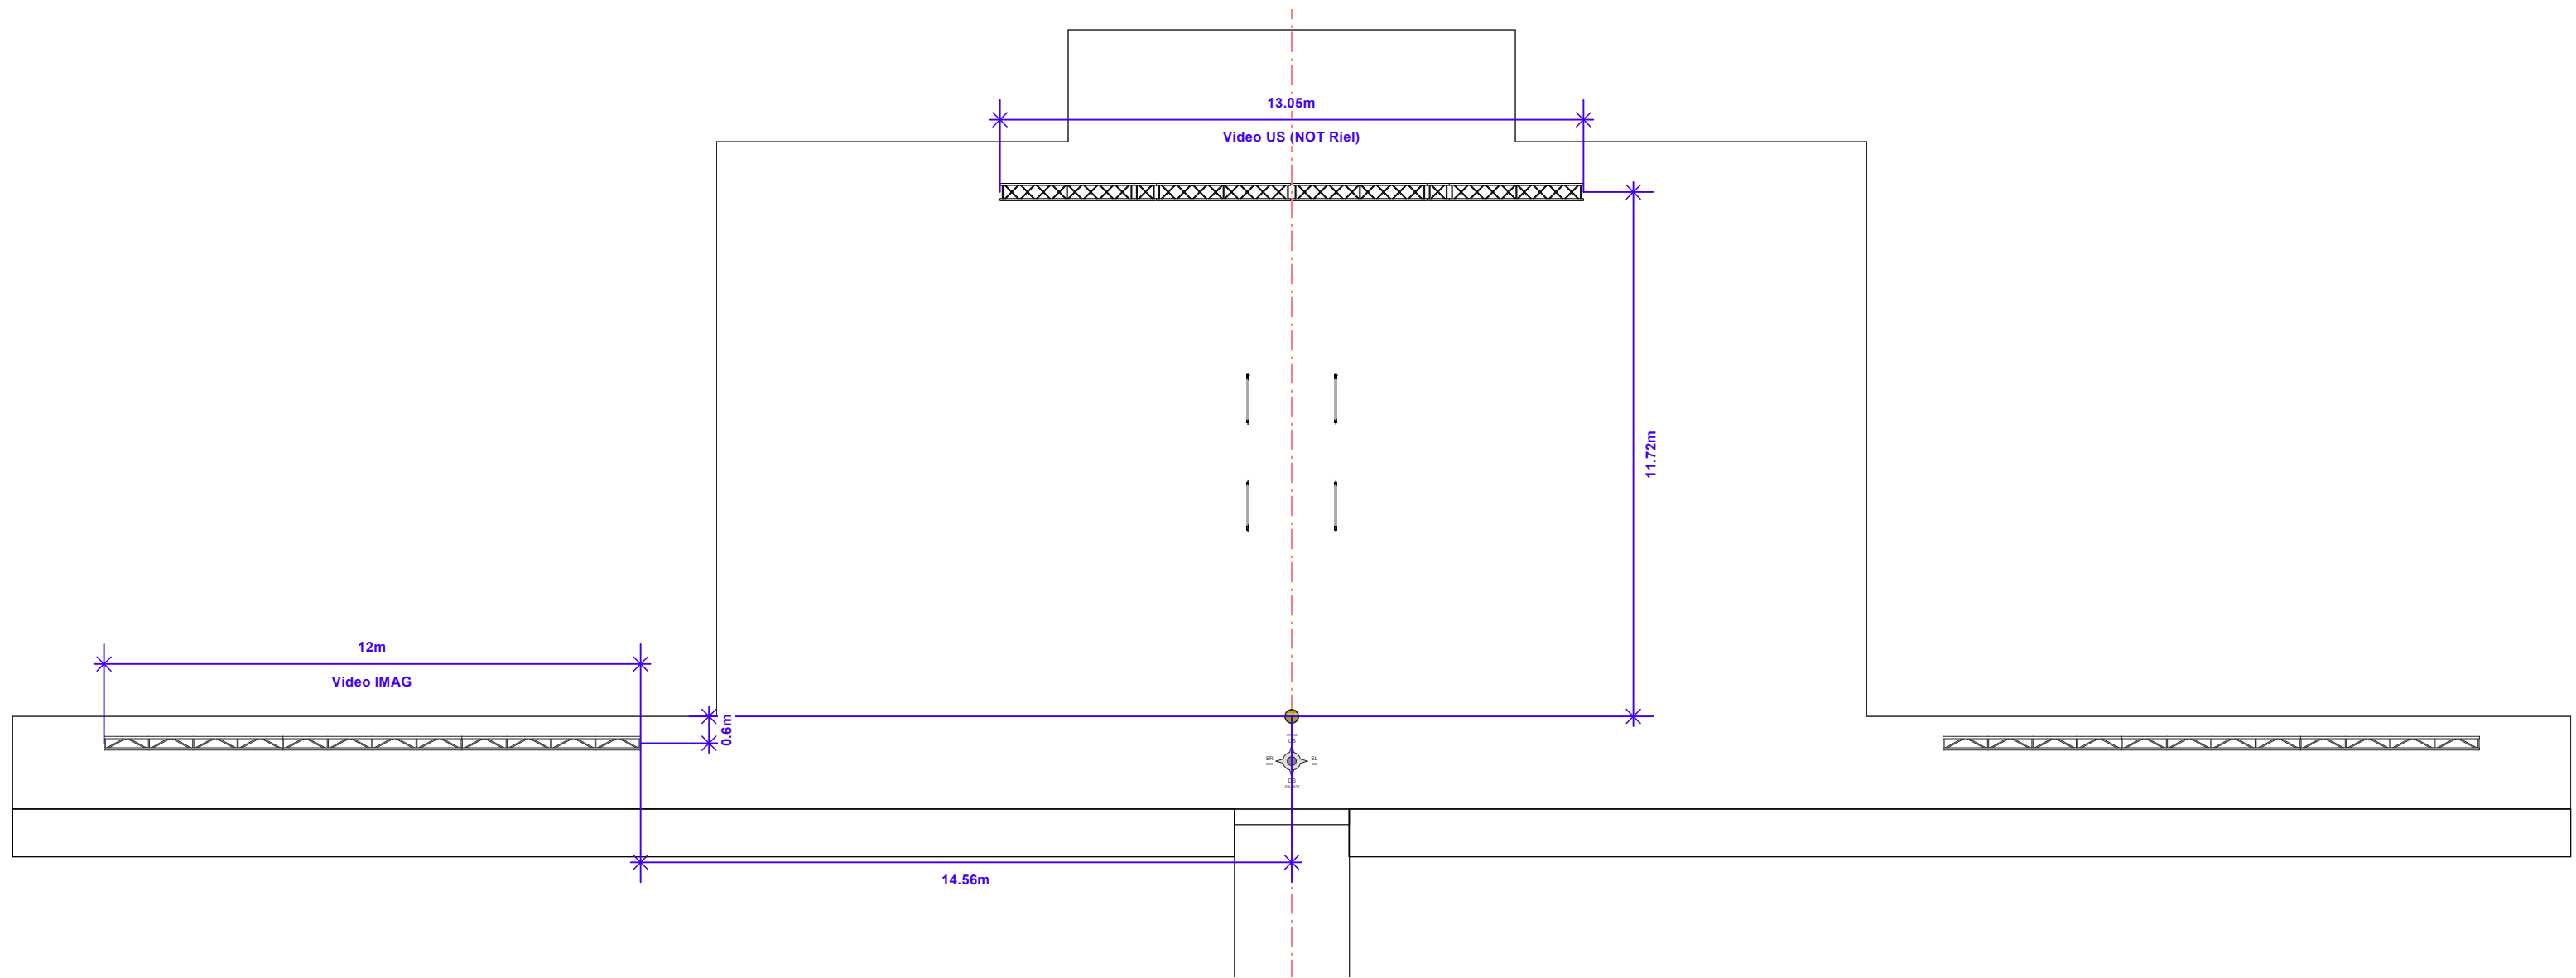

Before printing this plan, think carefully about whether you need to do so and try to use recycled paper. Discard with recyclable material.
