A membership roster may be developed.

A Booster Club Advisory Committee will be used to make financial decisions and purchases between meetings. The committee will be composed of the president, treasurer, secretary, athletic director, and superintendent. This group will only meet when necessary to determine purchases needed between meetings. These meetings may be held in person or via phone or email. The athletic director will initiate these meetings.

Expenditures made by the Booster Club shall focus on equipment necessary for competing at a high level; uniform updates, gymnasium banner updates, facility upgrades involving these activities, and safety equipment.

New items of purchase must be approved with a majority vote at a membership meeting or be approved by the Advisory Committee. Purchases under \$150 must be approved by the athletic director and superintendent. Purchases at \$150 or higher must be approved by the Booster Club membership at a meeting or by the Booster Club Advisory Committee. A majority vote is needed for purchases at or above \$150.

General membership meetings are generally held during the 1st and 3rd quarters of the school year.
