

**Centegra Health System- Cary Grove High School Athletics**

**Centegra Informed Consent for Participation in Concussion Screening:**

As the parent/guardian, I give permission for my child/student-athlete to receive ImPACT (Baseline Cognitive Testing) by Centegra Health System which is stored by Centegra Health System. Centegra Health System may release the ImPACT test results to my child's/student-athlete's primary care physician or other treating medical professional as necessary for treatment following a concussion.

If you would like to opt your child/student-athlete out of the ImPACT, you must still accept the document, but also notify the Cary Grove High School Athletic Department via email.
