PARENT MEETING

Lane Tech Athletics: Vision Statement

Program Vision Statement: We will work together to serve our student athletes by providing an enriching experience through sport that teaches and models life skills all while continuing to build on our tradition of excellence and defining what it means to be the “school of champions” on and off the field of play.

Lane Tech Athletics: Program Philosophy

Program Philosophy: Program wide we will epitomize what it means to be the school of champions on the playing field, in the classroom, in the hallways, and in our community. We will be champions in life. We, as coaches, will understand that we have a vital responsibility to model the highest character to the young men and women in our respective programs. We will understand that a “coach impacts eternity” as our influence in molding and shaping lives is our primary concern. We will empower our athletes to be leaders. We will empower them to apply the life skills our respective sports teach (i.e-discipline, teamwork, accountability, sacrifice, time management).

Lane Tech Athletics: Culture

Culture-Who we are (culture principles):

- 1.) Work Ethic: We will be the harder working team and we will work hard the right way.
- 2.) Intelligence: We will understand that failing to prepare is preparing to fail, and we will think the game the right way.
- 3.) Toughness: We will be disciplined in our athletic and our daily lives.
- 4.) Character: We will do the right thing, even when nobody is watching and we will act and communicate with honesty.

Program Pride- we expect that our student athletes will wear Lane Tech across their chest with pride and that all starts with the leadership of the program.

Lane Tech Athletics: Parent Expectations

- Athletics teaches life lessons.
- Playing a sport for Lane Tech is a privilege and an honor.
- Only those student-athletes that believe this will represent our program.
- If you are not putting forth the effort in the classroom you will not have the opportunity to put forth the effort on the playing field.
- We live by the pillars of work ethic, intelligence, toughness, and character. This is the Lane Tech Way.
- We need to embrace the highest standards in and out of school.
- This program is bigger than any individual that is a part of it!
- All of our coaches have gone through an interview process and are qualified to coach your child. It is their job to coach this program. Understand the chain of command if there are any issues.
