**Student Athlete Insurance**

The Miami Trace Board of Education requires that students participating in interscholastic school athletics be covered by some type of accident insurance. The insurance may be the accident policy which has been approved by the Board or a similar policy type acquired elsewhere by the student or his/her parents. If the latter choice is made, an insurance waiver shall be furnished to the Athletic Department by the parent or guardian that said student is a beneficiary of insurance adequate to cover the expenses of all injuries said student may incur while participating in interscholastic school athletics.

If you do not wish to cover your child with school accident insurance, or if you have already provided for their protection through your own company, please sign this waiver releasing Miami Trace High School, Miami Trace Athletic Department, and all Miami Trace employees of any legal responsibilities.
