

NNHS Girls Field Hockey Team, Fall 2016

OUR MISSION:

The Naperville North High School Girls Field Hockey Team
Offers young & aspiring athletic women, the essence of sportsmanship, dedication & commitment, appreciation for teamwork & building self confidence through the sport of field hockey

The Team: NO CUTS: Why? As a new sport in Naperville, and we understand that everyone develops athletically at different times. We want to encourage females of every athletic ability to come out and try the sport and be a part of the team.

Roster: Includes Naperville North Female Athletes and Naperville Central Female Athletes - our mission is to grow the sport of field hockey. We welcome any Central female athletes on our team, in hopes that NCHS will someday establish their own NCHS Girls Field Hockey Team.
