

Away Activity – Transportation Release Request

Olympia School District policy currently requires a student to be transported by either the school bus or a parent or guardian when returning home following an "away" activity. If a parent or guardian desires for their child to be transported home from an "away" activity by someone other than the bus driver or the child's parent or guardian, this Request must be filled out, signed, returned, and approved by the School District in advance of the activity. The completed Request form should signed by the Activities Director and then returned to the coach/sponsor of the respective activity. The School District reserves the right to reject any request. In the event a request is rejected, or in all other instances, a student shall be required to return home from an "away" activity either by School District bus transportation or by the student's parent or guardian.
