### **Coach or Advisor/Student/Parent Communications**

*-As your child becomes involved in athletics at HHS, the inevitable highs and lows that are a part of athletic competition are bound to occur. If the lows, however, begin to get your child down, we encourage you to set up a meeting and speak with the coach. Appropriate concerns to discuss with coaches and advisors are:*

1. The treatment of your child; mentally, emotionally, and physically
  2. Ways to help your child improve
  3. Concerns about your child's behavior, attitude, and performance
- While, ideally, it is hoped that a conference with the coach will alleviate concerns a coach and parent may not achieve a shared understanding. Contact the athletic director if in this scenario to facilitate a meeting for better understanding.*
- Coaches and advisors make judgment decisions based on what they believe to be the best for all students involved*

### Be A Supportive And Knowledgeable Spectator-

1. Come to as many games as you can
2. Although you may not always agree, please respect official's judgment
3. Learn/review the rules of the game (ask a coach, or better yet, your student)
4. Discuss your student's game with them and **what went well**
5. Cheer for good plays for any member of our team
6. Cheer in an enthusiastic, but respectful manner
7. Make supportive comments, do not denigrate, and support the team
8. Acknowledge good plays by the other team
9. Be a supportive fan, but let the coaches do the coaching
10. Stay connected with your student, even if you could not be present
