Dear High School Principal:

Welcome back to a new school year! The NCAA Eligibility Center staff understands what an exciting and hectic time this is, and wishes to say thank you for all you do for students.

The NCAA Eligibility Center would like to let you know about new and upcoming academic rule changes that impact the classes of 2013 and 2016 and beyond, and whether your college-bound student-athletes will be eligible for practice, competition and financial aid in their first year at an NCAA Division I or II college or university.

Division I Changes—Overview

1. Increase in the minimum required core-course grade-point average (GPA) from 2.000 to 2.300.
2. Ten of the 16 required core courses must be completed before the beginning of the seventh semester (senior year).
 - a. Seven of these 10 required courses must be English, math or natural/physical science.
 - b. A repeat of one of the "locked in" courses will not be used if taken after the seventh semester begins.
3. Increase in the overall core-course GPA as it relates to the ACT or SAT score, which results in a new sliding scale.

Who does this impact? Your incoming ninth grade class (class of 2016) must meet these new requirements if they plan to participate in intercollegiate athletics at the Division I level.

Division II Change—Reminder

- Increase in the number of required core courses from 14 to 16.
 - a. One additional course in English, math or science.
 - b. One additional course in any core academic area (English, math, science, social science) or foreign language, comparative religion/philosophy.

Who does this impact? Your current seniors (class of 2013) must meet this new rule if they plan to participate in intercollegiate athletics at the Division II level.

Where to Find Information

1. See the Quick Reference Guide or the Initial Eligibility Brochure included in this mailing.
2. See the NCAA Guide for the College-Bound Student-Athlete, available on the Resources page at www.eligibilitycenter.org.
3. See the Resources page on the High School Portal at www.eligibilitycenter.org (click on the High School Administrators tab to access this resource).

NCAA ELIGIBILITY CENTER QUICK REFERENCE GUIDE

Divisions I and II Initial-Eligibility Requirements

Core Courses

- **NCAA Division I requires 16 core courses. NCAA Division II currently requires 14 core courses.** Division II will require 16 core courses for students enrolling on or after August 1, 2013. See the charts below.
- **NCAA Division I will require 10 core courses to be completed prior to the seventh semester** (seven of the 10 must be a combination of English, math or natural or physical science that meet the distribution requirements below). These 10 courses become "locked in" at the seventh semester and cannot be retaken for grade improvement.
 - *Beginning August 1, 2016, it will be possible for a Division I college-bound student-athlete to still receive athletics aid and the ability to practice with the team if he or she fails to meet the 10 course requirement, but would not be able to compete.*

Test Scores

- **Division I** uses a sliding scale to match test scores and core grade-point averages (GPA). The sliding scale for those requirements is shown on Page No. 2 of this sheet.
- **Division II** requires a minimum SAT score of 820 or an ACT sum score of 68.
- The SAT score used for NCAA purposes includes **only** the critical reading and math sections. The writing section of the SAT is not used.
- The ACT score used for NCAA purposes is a **sum** of the following four sections: English, mathematics, reading and science.
- **When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. Test scores that appear on transcripts will not be used.**

Grade-Point Average

- **Be sure to look at your high school's List of NCAA Courses on the NCAA Eligibility Center's website (www.eligibilitycenter.org).** Only courses that appear on your school's List of NCAA Courses will be used in the calculation of the core GPA. Use the list as a guide.
- **Division I** students enrolling full time **before August 1, 2016**, should use Sliding Scale A to determine eligibility to receive athletics aid, practice and competition during the first year.
- **Division I** GPA required to receive **athletics aid and practice on or after August 1, 2016**, is 2.000 (corresponding test-score requirements are listed on Sliding Scale B on Page No. 2 of this sheet).
- **Division I** GPA required to be eligible for **competition on or after August 1, 2016**, is 2.300 (corresponding test-score requirements are listed on Sliding Scale B on Page No. 2 of this sheet).
- **The Division II** core GPA requirement is a minimum of 2.000.
- Remember, the NCAA GPA is calculated using NCAA core courses only.

DIVISION I 16 Core Courses

- 1 years of English
- 3 years of mathematics (Algebra I or higher)
- 2 years of natural/physical science (1 year of lab if offered by high school)
- 1 year of additional English, mathematics or natural/physical science
- 2 years of social science
- 4 years of additional courses (from any area above, foreign language or comparative religion/philosophy)

DIVISION II 14 Core Courses

- 3 years of English
- 2 years of mathematics (Algebra I or higher)
- 2 years of natural/physical science (1 year of lab if offered by high school)
- 2 years of additional English, mathematics or natural/physical science
- 2 years of social science
- 3 years of additional courses (from any area above, foreign language or comparative religion/philosophy)

DIVISION II 16 Core Courses (2013 and After)

- 18 years of English
- 2 years of mathematics (Algebra I or higher)
- 2 years of natural/physical science (1 year of lab if offered by high school)
- 3 years of additional English, mathematics or natural/physical science
- 2 years of social science
- 4 years of additional courses (from any area above, foreign language or comparative religion/philosophy)

4. The NCAA Eligibility Center also offers a free course on the initial-eligibility requirements specifically designed for high school administrators and coaches, which is offered online at www.nfhslearn.com.

Who Else Needs to Know

1. Students;
2. Coaches;
3. High school counselors;
4. Middle school or junior high principals, counselors and activities directors;
5. Athletics or activities directors; and
6. Parents.

Please help spread the word about these new rules to these groups. Share the documents included in this mailing, or let them know how to find the resources on the website that has been mentioned.

How You Can Help Your Student-Athletes

1. Ensure that your high school counselors update your school's List of NCAA Courses annually. If you are new to the process, or need a refresher, go to the Resources page of the High School Portal mentioned earlier. There is a section on how and when to update your school's list, which will help you through the process.
2. Ensure that your high school counselors send transcripts for registered students. Information regarding transcripts (including e-transcripts) may be found on the Resources page.
 - a. Registered juniors who have completed three years (six semesters); and
 - b. Graduated seniors.

Academic preparation is key to student success in college. Making sure a college-bound student-athlete is academically prepared for college is a significant undertaking that requires as much attention from parents, teachers, guidance counselors and coaches as athletics preparation.

In the coming weeks, the NCAA Eligibility Center will also be sending posters, which you can use as a visible reminder concerning the importance of academic preparation for your student-athletes. With your help and the help of your colleagues, the NCAA Eligibility Center hopes to spread the word regarding the importance of academics and these new rules.

Also, in order to assist the NCAA Eligibility Center in determining how it can better outreach to and inform the high school community about the initial-eligibility standards, please log on to <http://tinyurl.com/NCAAHSSURVEY> to complete a short survey.

If you have questions, please browse through the Resources page or give the NCAA customer service staff a call (toll free) at 877/622-2321.

Again, thank you for all you do to help students.

Sincerely,

The NCAA Eligibility Center

For more information, visit the NCAA Eligibility Center website at www.eligibilitycenter.org.

Divisions I and II Initial-Eligibility Requirements

Core Courses

- NCAA Division I currently requires 16 core courses. NCAA Division II will require 16 core courses for students enrolling on or after August 1, 2013.
- Beginning August 1, 2016, NCAA Division I will require 10 core courses to be completed prior to the seventh semester (seven of the 10 core courses must be a combination of English, math or natural or physical science that meet the distribution requirements to the right). These 10 courses become "locked in" at the seventh semester and cannot be retaken for grade improvement.
- Beginning August 1, 2016, it will be possible for a Division I college-bound student-athlete to still receive athletics aid and the ability to practice with the team if he or she fails to meet the 10 course requirement. However, the student-athlete would not be able to compete.

Grade-Point Average

- Only courses that appear on your high school's List of NCAA Courses will be used in the calculation of your core GPA. For a complete list of your school's courses, follow the instructions on the right side of this brochure.
- Currently, Division I uses a Sliding Scale to match test scores and core GPAs. The Sliding Scale can be found on page No. 10 of the Guide for the College-Bound Student-Athlete found at www.eligibilitycenter.org.
- Division I GPA required to be eligible for competition on or after August 1, 2016, is 2.300.
- Division I GPA required to receive athletics aid and practice on or after August 1, 2016, is 2.000.
- The Division II core GPA requirement is a minimum of 2.000.

Test Scores

- Division I uses a sliding scale to match test scores and core grade-point averages (GPA).
- Division II requires a minimum SAT score of 820 or an ACT sum score of 68.
- The SAT score used for NCAA purposes includes only the critical reading and math sections. The writing section of the SAT is not used.
- The ACT score used for NCAA purposes is a sum of the following four sections: English, mathematics, reading, and science.

To view the Division I Sliding Scale, visit www.eligibilitycenter.org and enter as an NCAA College-Bound Student-Athlete. Then, click the "Resources" tab, then "U.S. Students" and finally, "Eligibility Quick Reference Sheet".

When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. Test scores that appear on transcripts will not be used.

For a Complete List of NCAA Courses
 Visit www.eligibilitycenter.org and enter the site as an NCAA College-Bound Student-Athlete. Navigate to the "Resources" tab, click "U.S. Students" and then "List of NCAA Courses." Follow the prompts to search for your high school's list by name.

Division I (16 Core Courses)	Division II (*16 Core Courses)
4 years of English.	3 years of English.
3 years of mathematics (Algebra I or higher).	2 years of mathematics (Algebra I or higher).
2 years of natural/physical science (1 year of lab if offered by high school).	2 years of natural/physical science (1 year of lab if offered by high school).
1 year of additional English, mathematics or natural/physical science.	3 years of additional English, mathematics or natural/physical science.
2 years of social science.	2 years of social science.
4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).	4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).
