# INSERT FITTINGS FOR POLY PIPE

## No Lead Bronze, Swaged Red Brass & Stainless Steel

- Male Adapters
- Union Adapters
- Extra Long Male Adapters
- Female Adapters
- Couplings
- Extra Long Couplings
- Tees
- Male & Female Comb. Tees
- Elbows
- Male & Female Comb. Elbows
- Hydrant Tees & Elbows
- Well Seal Adapters & Elbows
- Swaged Male Adapters & Couplings

Third Party Certified to NSF / ANSI 372

## No Lead Zinc Plated Steel

- Male Adapters
- Extra Long Male Adapters
- Well Seal Adapters
- Couplings
- Extra Long Couplings
- Well Seal Elbows

All SWP (Seal Well Products) Poly, Nylon and PVC fittings are manufactured onsite in Boshart Industries' Injection Moulding facilities.

As the manufacturer of quality Seal Well products, Boshart Industries can supply a complete line of insert fittings for polyethylene pipe in the configurations and sizes you need for the plumbing, water well, pool and spa, irrigation, and farm supply markets.

## Nylon

- Male Adapters
- Couplings
- Elbows
- Male Elbows
- Tees

## Poly

- Male Adapters
- Red. & Inc. Male Adapters
- Couplings
- Reducing Couplings
- Elbows
- Male Elbows
- Tees
- Plugs

## PVC

- Male Adapters
- Red. & Inc. Male Adapters
- Female Adapters
- Couplings
- Reducing Couplings
- Elbows
- Reducing Elbows
- Male Elbows
- Female Elbows
- Female Red. Elbows
- Tees
- Reducing Tees
- Male Tees
- Female Tees
- Female Red. Tees
- Crosses
- Plugs

## Specialty PVC Pool & Spa Fittings Adapters

- 1-1/2" MPT x 1-1/4" Spigot
  - 1-1/2" MPT x 1-1/2" Spigot
  - 1-1/2" MPT x 1-1/4" Spigot
- ## Elbows
- 1-1/2" MPT x 1-1/4" Spigot
  - 1-1/2" MPT x 1-1/2" Spigot

# INSERT FITTINGS FOR HOSE

## Combination Nipples or King Nipples Hose Menders or Hose Couplers

- Zinc Plated & Black Steel
- 1/2" to 6" sizes

Third Party Certified to NSF / ANSI 372

## No Lead BH Series Brass Hose Fittings

- 1/8" Thru 1-1/4" sizes available

## No Lead BG Series Brass Garden Hose Fittings

- 1/4" Thru 3/4" sizes available

Available in a wide selection of configurations to meet all your hose / garden hose installation requirements

# HOSE CLAMPS

**Boshart offers two lines of clamps, SSC series and 2-SSC series, both are available in Mini & Standard sizes.**

- **Mini-Clamps** have 1/4" hex slotted screw and 5/16" wide band, available in two sizes #4 with a 7/32" (5.6mm) to a 5/8" (16mm) range and the #5 ranges from 5/16" (7.94mm) to 11/16" (17.46mm).
- **Standard** sizes range from #6 with a range of 7/16" (11mm) to 25/32" (20mm) with 27 sizes up to the #224 with a range of 11-5/8" (295mm) to 14-1/2" (368mm).

## Stainless Steel Hose Clamp w/ Carbon Steel Screw

### SSC77 Series & 2-SSC77 Series

- 5/16" Yellow dichromate plated carbon steel slotted hex head screw
- 200/300 Series Stainless Steel band and housing
- 1/2" wide band
- All packaging is bar coded
- Used for all standard clamp applications

*Part stainless steel construction, the combination of high nickel content of the 300 series stainless steel and the plating of the carbon steel screw makes this hose clamp ideal for use in above ground outdoor and indoor common home applications as well as many automotive applications where corrosion is somewhat of an issue. The yellow colored screw allows for easy identification against an ALL stainless steel clamp.*

Domestic  
SSC

Import  
2-SSC

**GOOD**  
corrosion resistance.

## All Stainless Steel Hose Clamps

### SSC67 Series & 2-SSC67 Series

- 5/16" 200/400 Stainless Steel slotted hex head screw
- 200/300 Series Stainless Steel band and housing
- 1/2" wide band
- All packaging is bar coded
- Resists corrosion in light industrial and domestic environments

*All stainless steel construction, these clamps are ideal for applications that require greater resistance to corrosion than the SSC77 / 2-SSC77 (carbon / stainless steel clamp). These clamps will typically resist corrosion in light industrial and domestic environments, commonly used for connecting poly water pipe, PVC, rubber hoses and various types of tubing in above ground applications. NOTE: The use of "Marine Grade" series SSC87 / 2-SSC87 clamps is strongly recommended for highly corrosive applications such as buried water and or sewage lines.*

**BETTER**  
corrosion resistance.

## Marine Grade - All 300 Series Stainless Steel Hose Clamps

### SSC87 Series & 2-SSC87 Series

- 5/16" 300 Stainless Steel slotted hex head screw
- 300 Series Stainless Steel band and housing
- 1/2" wide band
- All packaging is bar coded
- High nickel content provides strong corrosion resistance
- Suitable for outdoor use with no shielding

*All 300 marine grade stainless steel construction, ideal for applications where greater corrosion resistance is required such as water well installations, all plumbing applications (including buried pipe connections, hog, chicken and dairy barn etc.), commonly used in recreational boating applications. These clamps are resistant to atmospheric corrosion, many organic chemicals and a wide variety of inorganic chemicals. UPC (United Plumbing Code) listed by IAPMO.*

## Superior Quality!

**BEST**  
corrosion resistance.

**Packaging options available in:**

- Bagged
- Boxed
- Bulk

## ACCESSORIES

### Contractor Bins

- Plastic Storage Tote with Removable Bins.
- Clear Lid with latches to secure contents.
- 3 Bins - 6" x 4" x 3.5" or 6 Bins - 4" x 3" x 3.5"
- 12 Bins - 4" x 3" x 3.5"
- 12 Bins - 2" x 1.5" x 2" or 18 Bins - 3" x 2" x 2"

### Pipe & Tube Cutters

- Cuts through Poly, PVC, ABS, PEX, and CPVC pipe or conduit.
- Heavy duty cast metal handle.
- Stainless Steel blade (replacement blades available).
- Latching handle for carrying in closed position.
- Available in sizes: 1", 1-1/4" & 2"

### 1" Pipe Cutter - Plastic Handle

- Cuts through 1" Poly, PVC, ABS, PEX, and CPVC pipe or conduit.
- Durable nylon handle.
- "Normally Open" spring action handle for ease of use.
- Stainless Steel blade (replacement blades available).
- Latching handle for carrying in closed position.

### Dual Hex Nut Driver

- 1/4" x 5/16" Reversible Socket

### PTFE Tape

- PTFE Tapes available in: Standard PTFE, Deluxe High Density PTFE, Specialty PTFE (colour coded for specific applications), Premium PTFE, Pink Plumbers PTFE Tape and Gray S.S. Tape specially designed for making stainless steel threaded connections.

### Gray Magic Pipe Dope

- Specially designed for making stainless steel threaded connections
- Specially formulated for production line usage.
- For sealing threads on all metal, PVC, CPVC and Nylon plastic piping systems.
- Soft set and grit free.
