

PVC Pipe Dimensions Reference

All PVC Pipeworks products follow **Nominal Pipe Size (NPS)** rules, and all fittings and accessories are compatible with standard Schedule 40 PVC plumbing pipe. Please note that **PVC Pipe Sizes are based on the pipe inside diameter**, rather than the outside diameter. Pipeworks products are not compatible with CTS pipe.

PVC Pipe Size & Profile	Actual Outside Diameter	Average Inside Diameter
 1/2"	0.840"	0.622"
 3/4"	1.050"	0.824"
 1"	1.315"	1.049"
 1-1/4"	1.660"	1.380"
 1-1/2"	1.900"	1.610"
