

FUTURE TEACHING SCHOLARS

Scholarships for
exceptional
mathematicians
and physicists
who want to teach

Future Teaching Scholars programme

Are you an exceptional maths or physics student with a strong desire to teach others about your subject? Then why not apply to join the Future Teaching Scholars programme and access a range of benefits, including a £15k grant.

The Future Teaching Scholars programme is a new and exciting route into teaching. It's designed for exceptional students planning to study a maths- or physics-related degree at university. Successful applicants will be awarded a valuable programme of support.

What does the Future Teaching Scholars programme include?

As well as a £15k grant, each **Future Teaching Scholar** becomes a member of an exclusive and exciting national programme that will:

- offer a new route into teaching specifically designed for Scholars, with a guaranteed place on an initial teacher training (ITT) course after graduation
- support you whilst you get a maths- or physics-related degree
- offer opportunities for you to take part in national and regional events related to teaching your subject
- link you with other **Future Teaching Scholars**
- support you one to one in finding your first teaching job
- give you opportunities to get involved in research to improve maths and physics teaching
- arrange a pre-ITT course the summer after you graduate
- involve you in exciting school-based activities during your undergraduate years

This prestigious programme only has a limited number of spaces; apply now for your chance to become one of an elite group of **Future Teaching Scholars**.
