LIBRARY GIFT-A-BOOK DEDICATION OPPORTUNITY

The Gift-A-Book Dedication is a program that allows families to donate a book or DVD to the Queen of Apostles Catholic School Library and commemorate special times in the lives of our students, families and staff. It also enables our librarian to update and enhance the selection of books and DVDs available to our students.

Your \$20 donation allows our school Librarian to purchase a book or DVD to add to the library collection. A book plate will be placed inside the book/DVD cover and will include your child's name and the event or who the book is in honor/memory of. Ideas include graduation, birthday, anniversary, in honor of a teacher, celebration of milestone or achievement.

Children are so happy when they see a book or DVD donated in their name. The children are extremely proud to be contributing to their school library and the entire student body benefits from this program for years to come.

A picture of your child holding the book will be displayed, with your permission, in the hallway outside of the library and sent home to be shared. And, your child will be the first one to take the book home to share with their family!

Please take a moment to fill out the order form and return it with the payment as soon possible so we can begin the school year with the new selections. Please make check payable to "Queen of Apostles PTO".
