# HANGING DIAMOND QUILT PATTERN

---

This block is simple to make, but when pieced properly makes a stunning quilt. Nine blocks made in the basic Nine Patch design blend together to give the illusion of a large diamond.

Four blocks (corners) are light in color except for one corner. Four blocks (sides) are dark in color except for the two top corners. The center block is light in color except for the four dark corners. Varying the intensity of the colors makes this design really pop.
