4WLS87 Series “Girasolo” Blind Corner Optimizer by Rev-A-Shelf®

The 4WLS87 Series “Girasolo” Blind Corner Optimizer by Rev-A-Shelf® is the perfect solution for the dark abyss that can be a blind corner cabinet. This innovative design features two pullout trays that easily glide out on an innovative soft-close pivot hardware system, giving you complete access to the items stored in the back. The adjustable shelving system also allows for maximum storage capacity while optimizing the usage of the hard-to-reach storage area and pulls directly out of the cabinet, eliminating the need for adjacent appliance clearance. Designed for 12”, 15” or 18” base blind corner cabinet openings, the Girasolo features a 1- $\frac{5}{8}$ ” solid wood frame with a $\frac{5}{8}$ ” thick natural maple shelf bottom, finger joint rim, left or right-handed mounting, and easy installation.

4WLS87-18-L - Girasolo Two-Tier Maple Shelf Optimizer w/ Soft-Close for 18" Left Door/Blind Right Corner Cabinet

About Rev-A-Shelf LLC.

Established in 1984 as a division of the family-owned Jones Plastic & Engineering, Rev-A-Shelf’s product line began as metal and polymer Lazy Susan components manufactured for the largest U.S. cabinet manufacturers and has since grown into the market-leading innovator of residential cabinet storage solutions and L.E.D. cabinet lighting.

Rev-A-Shelf®, located in Louisville, KY., manufactures thousands of innovative accessories for the kitchen, bath, or closet. Under the Tresco Lighting® brand, Rev-A-Shelf® offers a full line of LED lighting options for residential cabinetry and commercial display fixtures. Rev-A-Shelf’s primary markets include cabinet hardware distributors, large O.E.M. cabinet manufacturers, big box retailers, and an array of online web resellers.
