The Maxx Drawer

Drawers flowing over and desperately need organization? Then look no further than the Maxx Drawer System. This one-of-a-kind drawer system, developed in collaboration with Cabinetworks Group, maximizes the available space within the drawer. The two upper sections pull up and away for easy access to the items stored beneath. Adjustable dividers allow you to arrange your items any way you like. The 4WTMD Maxx Drawer is designed for 24" base face frame cabinets and comes complete with 90lb. TANDEM slides with BLUMOTION soft-close and features natural maple construction. Just add a drawer front and take your drawer to the Maxx!

About Rev-A-Shelf LLC.

Established in 1984 as a division of the family-owned Jones Plastic & Engineering, Rev-A-Shelf's product line began as metal and polymer Lazy Susan components manufactured for the largest U.S. cabinet manufacturers and have since grown into the market-leading innovator of residential cabinet storage solutions and L.E.D. cabinet lighting.

Rev-A-Shelf, located in Louisville, KY., manufactures thousands of innovative accessories for the kitchen, bath or closet. Under the Tresco Lighting brand, Rev-A-Shelf offers a full line of LED lighting options for residential cabinetry and commercial display fixtures. Rev-A-Shelf's primary markets include cabinet hardware distributors, large O.E.M. cabinet manufacturers, Lowe's and Menards home centers, and an array of online web resellers.
