FeaturesSle and multiplayer modesSimple controls Earn stars to unlock new levels8 addictive worlds64 challenging tracksTouch to speed up, tilt to criticize cyclingSome players can meet the problem of 'Parsing error' -Package Error parsing has a problem. Do not worry. Here are the solutions.1. The downloaded .apk file is corrupted or has not been fully downloaded. Check and download again.2. You may have turned off data that allows you to install applications from unknown sources. Let's go. 3. The application is not compatible with the Hardware or Usage System Version that you are using.4. Enable USB Debugging. For some users, USB debugging activation seems to have worked very well.5. Antivirus is disabled. Your Antivirus application may be blocking the .apk file and preventing installation.
