

Applications

Ideal for applications such as bars, open-concept restaurants, and private residences.

Features & Benefits

- Material: T1 grade tin-plated steel
- Size: 24" x 24"
- Thickness: 0.010"
- Fire Rating: ASTM E 84-03b
- Patterns: Over 10 patterns
- Colors: Over 50 colors
- Made in USA

Installation

- Original installation method used for 150 years.
- Each panel contains a 3/8" nail rail that overlaps tight seams.
- Apply to wall with a construction adhesive like Liquid Nails or Power Grab by Loctite.
- When installing onto dry-wall, use a combination of nails and construction adhesive. The nails keep panels tight to the wall while the adhesive dries. This combination provides best results.

Single Panel View (2' x 2')
