**STEP 1** Draw segments of backsplash including dimensions using the space provided.

**STEP 2** Select current backsplash:  
 Drywall    Ceramic    Other: \_\_\_\_\_

**STEP 3**  
What is your color choice?  
  
What is your pattern choice?  
  
Switch Plate types (see page 11):  
  
Do you need Edge Trim?  
  
Do you need Inside Corner Trim?

All of our panels are 24" x 24", the patterns we recommend for backsplash are 6" repeated patterns. This pattern repeat allows you to cut the panels to accommodate your space between your cabinets and counter. No wood required, easily installed with Liquid Nails, all patterns are available in all colors.

## Notes:
