

## Ceiling Planner Fax: 941.757.0129 / Email: sales@americantinceilings.com

Using the grid below, graph out the layout of the space including irregular areas. Indicate each dimension (i.e. 1 square = 1 ft., 1 square = 2 ft., etc.). Utilize the empty box for other notes and / or a legend of symbols used throughout the graph.

| Project Name:<br>Contact:  |                           |      |               |   |                 |   |  |         |          |   |   |          |  |   |  |         |         |  |

| Is this an alcove or vaulted ceiling?  |                           |      | -             | + | $\vdash$        | _ |  | +       | -        |   |   | $\dashv$ |  | + |  | ++      | +       |  |
| Which molding are you interested in?   |                           |      |               |   |                 |   |  |         |          |   |   |          |  |   |  |         |         |  |
|  | $\mathbf{I}$ $\mathbf{N}$ | otes | S:            |   |                 |   |  |         |          |   |   |          |  |   |  |         |         |  |

**STEP 5** What is your color choice?

<sup>\*</sup> Some patterns work better with different size ceilings, angles, or transitions from room to room. We can assist you with recommendations and installation instructions.
