This is how we started thinking about the invisible structures

**What** are the lockdown conditions in your local community?

**What** do you think distinguishes the approach of your national culture to COVID-19?

**What** do the imposed restrictions in your society reveal about your taken for granted social world?

**What** seeds of change have you witnessed?

What dialogue through all sectors of society do you notice that highlight fairness and maybe sustainability?
Lotta Bjorklund Larsen, Researcher at the University of Exeter Business School UK (Stockholm)

Natalia Usme, Business Anthropology Manager at FLIPA (Bogota)

Nimmo Elmi, PhD Candidate at Linköping University and Visiting Scholar at the University of Nairobi School of Law (Nairobi)

The difference between social distancing and isolation.

This person worked from home

This person skipped the party

This person never took that flight

This person stayed at home
