

## F. VISCERAL AND OTHER SYNDROMES OF THE TRUNK APART FROM SPINAL AND RADICULAR PAIN

<b>XVII. Visceral and Other Chest Pain</b>	
1. Acute Herpes Zoster	303.X2d
2. Postherpetic Neuralgia	303.X2e
3. Other Postinfectious and Segmental Peripheral Neuralgia	306.X2 (postinfectious) 306.X8 (unknown) 306.X1 or 303.X1a (post-traumatic)
4. Angina Pectoris	324.X6 224.X6 (if mostly in the arms)
5. Myocardial Infarction	321.X6 221.X6 (if in the arms)
6. Pericarditis	323.X2 (known infection) 323.X3 (unknown infective cause)  323.X1 (trauma) 323.X4 (neoplasm) 323.X5 (toxic)
7. Aneurysm of the Aorta	322.X6 (chronic aneurysm)
8. Disease of the Diaphragm	423.X2 (infection: chest or pulmonary source) 423.X4 (neoplasm: chest or pulmonary source) 433.X2 (musculoskeletal) 453.X2 (infection: gastrointestinal source) 453.X4a (neoplasm: gastrointestinal source) 453.X6 (cholelithiasis)
9. Carcinoma of the Esophagus	353.X4
10. Slipping Rib Syndrome	333.X6
11. Postmastectomy Pain Syndrome: Chronic Nonmalignant	303.X9
12. Late Postmastectomy Pain or Regional Carcinoma	307.X4
13 Post-thoracotomy Pain Syndrome	303.X1d (neuroma) 333.X4a (metastasis)
14. Internal Mammary Artery Syndrome	303.X1f
15. Tietze's Syndrome-Costo-Chondritis (code only)	332.X6
16. Fractured Ribs or Sternum (code only)	335.X1
17. Xiphoidalgia Syndrome	494.X8
18. Carcinoma of the Lung or Pleura	323.X4a
<b>XVIII. Chest Pain of Psychological Origin</b>	
1. Muscle Tension Pain	333.X7h
2. Delusional Pain	31X.X9d
3. Conversion Pain	31 X.X9e
4. With Depression	31X.X9f
<i>See also:</i> 1-16, Pain of Psychological Origin.	

<b>XIX. Chest Pain Referred from Abdomen or Gastrointestinal Tract</b>	
1. Subphrenic Abscess	353.X2 (thorax) 453.X2a (abdomen)
2. Herniated Abdominal Organs	355.X6 (thoracic pain) 455.X6 (abdominal pain)
3. Esophageal Motility Disorders	356.X7
4. Esophagitis	355.X2 (monilial) 355.X3a (peptic)
5. Reflux Esophagitis with Peptic Ulceration	355.X3b
6. Gastric Ulcer with Chest Pain (code only)	355.X3c
7. Duodenal Ulcer with Chest Pain (code only)	355.X3d
8. Thoracic Visceral Disease with Pain Referred to Abdomen ( <i>See XVII-6, Pericarditis, and XIX-2, Herniated Abdominal Organs</i> )	

<b>XX. Abdominal Wall Pain</b>	
1. Acute Herpes Zoster (code only)	403.X2d
2. Postherpetic Neuralgia (code only)	403.X2b
3. Segmental or Intercostal Neuralgia	406.X2 Postinfectious 406.X8 Unknown 406.X 1 or 403.X 1 Post-traumatic
4. Twelfth Rib Syndrome	433.X6a
5. Abdominal Cutaneous Nerve Entrapment Syndrome	433.X6b

<b>XXI. Abdominal Pain of Visceral Origin</b>	
1. Cardiac Failure	452.X6
2. Gallbladder Disease	456.X6
3. Post-cholecystectomy Syndrome	457.X1
4. Chronic Gastric Ulcer	455.X3a
5. Chronic Duodenal Ulcer	455.X3b
6. Carcinoma of the Stomach	453.X4c
7. Carcinoma of the Pancreas	453.X4b
8. Chronic Mesenteric Ischemia	455.X5
9. Crohn's Disease	456.X3a Colicky pain 452.X3a Sustained pain
10. Ulcerative Colitis	453.X3
11. Chronic Constipation	453.X7a
12. Diverticular Disease of the Colon	454.X6
13. Carcinoma of the Colon	452.X4
14. Gastritis and Duodenitis (code only)	45X.X2c
15. Dyspepsia and Other Dysfunctional Disorders in Stomach with Pain (code only)	45X.X7c or 45X.X8
16. Radiation Enterocolitis (code only)	453.X5
17. Post-Gastric Surgery Syndrome, Dumping (code only)	454.X1a
18. Chronic Pancreatitis (code only)	453.XXd
19. Carcinoma of the Liver or Biliary System (code only)	453.X4
20. Carcinoma of the Kidney (Grawitz Carcinoma) (code only)	453.X4
21. Recurrent Abdominal Pain in Children	456.X7

<b>XXII. Abdominal Pain Syndromes of Generalized Diseases</b>	
1. Familial Mediterranean Fever (FMF)	434.X0b or 334.X0b
2. Abdominal Migraine	404.X7a
3. Intermittent Acute Porphyria	404.X5a
4. Hereditary Corproporphyria	404.X5b
5. Variegate Porphyria	404.X5c

<b>XXIII. Chronic Pelvic Pain Syndromes</b>	
1. Perineal Pain Syndrome	893.X8
2. Bladder Pain Syndrome	763.X8
3. Prostate Pain Syndrome	863.X8
4. Scrotal Pain Syndrome	863.X8
5. Testicular Pain Syndrome	863.X8
6. Epididymal Pain Syndrome	863.X8
7. Penile Pain Syndrome	863.X8
8. Urethral Pain Syndrome	863.X8
9. Postvasectomy Scrotal Pain Syndrome	863.X8
10. Vulvar Pain Syndrome	863.X8
11. Generalized Vulvar Pain Syndrome	863.X8
12. Localized Vulvar Pain Syndrome	863.X8
13. Endometriosis-Associated Pain Syndrome	763.X8
14. Chronic Pelvic Pain Syndrome with Cyclical Exacerbations	795.X8
15. Primary Dysmenorrhea	765.X8
16. Pelvic Floor Muscle Pain Syndrome	833.X8
17. Coccyx Pain Syndrome	533.X8
18. Irritable Bowel Syndrome	753.X7b
19. Chronic Anal Pain Syndrome	853.X8
20. Intermittent Chronic Anal Pain Syndrome	854.X8
Abdominal Pain: Visceral Pain Referred to the Abdomen ( <i>See</i> XVII-6, Pericarditis; XIX-2, Herniated. Abdominal Organs; XVII-7, Aneurysm of the Aorta; and XVII-8, Diseases of the Diaphragm)	

<b>XXIV. Diseases of the Bladder, Uterus, Ovaries, Testis, and Prostate, and their Adnexa</b>	
1. Mittelschmerz	765.X7a
2. Secondary Dysmenorrhea	
With Endometriosis	765.X6a
With Adenomyosis or Fibrosis	765.X4
With Congenital Obstruction	765.X0
With Acquired Obstruction	765.X6b
3. Endometriosis	764.X6
4. Adenomyosis	No code
5. Chronic Pelvic Inflammatory Disease (PLD)	733.X2
6. Ovarian Pain	764.X7a (Cystic ovary 764.X7b (Remnant syndrome)
7. Pain from Urinary Tract (code only)	763.XXb or 863.XX
8. Pain Associated with Testicular Disease	868.XX
9. Carcinoma of the Bladder (code only)	763.X4
10. Carcinoma of the Prostate	862.X4

11. Cervical Cancer	76X.X4
12. Uterine Cancer	76X.X4
13. Ovarian Cancer	76X.X4

<b>XXV. Pain in the Rectum, Perineum, and External Genitalia</b>	
1. Neuralgia of Iliohypogastric, Ilio-Inguinal, or Genito-Femoral Nerves Testicular Pain	407.X7b 407.X 1
2. Rectal, Perineal, and Genital Pain of Psychological Origin	81 X.X9d (delusional) 81X.X9e (conversion) 81X.X9f (depressive)
3. Pain of Hemorrhoids (code only)	853.X5
4. Proctalgia Fugax	856.X8
5. Ulcer of Anus or Rectum (code only)	81X.XX
6. Injury of External Genitalia (code only)	832.X1
7. Carcinoma of the Prostate (code only)	862.X4
