

CEO Summit and Panel Discussion:
The Potential, Promise, and Value of Radiopharmaceutical Therapy
 Friday, June 11, 2021 | 6:15-8:15 pm EDT

This informative discussion focuses on system-wide ways to improve patient access and clinical outcomes, including how we can ensure the right and most patients have access to the best possible therapeutic outcomes, and what lessons we can learn from the past to ensure new therapies get from bench to bedside more effectively.
