

CONVINCE YOUR BOSS

DEEP LEARNING FOR ROBOTICS SUMMIT

BOSTON, 23-24 MAY

WHAT IS IT ALL ABOUT?

Now that AI is here to stay, the world is now looking to research, develop and revolutionize software that can change the way we live, carry out our jobs and predict the future. Companies big, small, new and established are getting involved and leading the race, with much more being invested into technologies, research and talented professionals. The Deep Learning for Robotics Summit brings all of these together to discuss and learn about topics including; Computer Vision, Human-Robot Interaction, Imitation Learning, Progressive Neural Networks and Human-Robot Interaction.

WHAT WILL YOUR EMPLOYEE GAIN FROM IT?

Experience World-Class Presentations

Looking to implement AI into your business? Take part in interactive workshops to learn

Exhibition Hall Access

It's always to good to see what others are working on. Watch demos and pitches in our

YOU'LL BE IN GREAT COMPANY

DON'T JUST TAKE OUR WORD FOR IT

I enjoyed seeing what other people are doing. It sparked new ideas, validated existing ones, & resulted in serendipitous connections.
Chief Data Scientist, Talla

The value of the event for me was staying up to date with my colleagues and details about how they are finding success with production architectures.
AI Developer, Conservation Metrics

Extremely well organised & intellectually stimulating event, with excellent speakers, audience interaction, and participation.
Professor, Cornell University

I had the opportunity to meet with the head of a prominent VC firm and found out about startups that would like me to be their technical advisor. As a speaker, I was able to bring my research to a wider audience. Great event!
Ian Goodfellow, Google Brain

SUPPORTED BY LEADING COMPANIES

As the summits continue to grow, we welcome new attendees, speakers and sponsors each year as well as returning companies who continue to benefit from the wealth of knowledge and expertise.

WHAT'S INCLUDED?

Full access to presentations from the Deep Learning Summit track, providing a diverse agenda. There will also be **interactive sessions** and **panel discussions**. On both days a light breakfast, a hot lunch, and tea and coffee will be provided.

There will be **free wifi** so you can catch up on those important emails, as well as **charging stations** in each session room. Across the summit there will be **7+ hours of networking**, including a drinks reception at the end of day 1. You will also receive **post-event access to all the filmed presentations**.

Group discounts available on all events (excluding dinners): TEAM3: save 20%, TEAM5: save 30%
