MACHINE INTELLIGENCE SUMMIT

Machine Learning meets Artificial Intelligence.
The Rise of Intelligent Machines to Make Sense of Data.

FUTURE-PROOF

Machines are becoming increasingly more intelligent and we are able to recognise and sort digital replications using a set of algorithms that allows software to see objects and understand what they are.

The Machine Intelligence Summit brings together senior industry leaders, influential technologists, data scientists, founders, CEOs, CTOs and data engineers to collaborate and reshape the future. Gain insight into future AI trends and advanced machine learning through the world's leading innovators and decision-makers.

WHY ATTEND?

Extraordinary Speakers

Discover advances in machine learning & AI from the world's leading innovators. Learn from the industry experts in speech & text recognition, neural networks and image classification. Explore how machine learning will impact manufacturing, healthcare & transportation.

Discover Emerging Technologies

The summit will showcase the opportunities of advancing trends in machine learning & their impact on industry & society. Will smart AI finally rival human intelligence? Learn the latest technological advancements & industry trends from a global line-up of experts.

Expand Your Network

A unique opportunity to interact with business leaders, influential technologists, data scientists & entrepreneurs leading the machine intelligence revolution. Learn from & connect with 250+ industry innovators sharing best practices to advance smart artificial intelligence.

WHO WILL YOU MEET?

Entrepreneurs
Data Scientists
Technologists

Industry Leaders
Data Engineers
Investors

ROI?

We know how important it is to consider value for money and ROI when attending external events so we've got a few things up our sleeves to make sure attending the summit is REALLY worthwhile...

World-Class Presentations

Discover what's on the technological horizon from the world's leading academics and scientists

Deep-Dive Workshops

A chance to rethink and dive deeper into specific topics in interactive and stimulating workshops

Networking App

Connect with fellow attendees and speakers to organise meetings

Presentations Post-summit

View all the summit presentations again from the comfort of your own home or office

Fast Wifi
