

# REWORK

## Machine Intelligence in Autonomous Vehicles Summit

Applying IoT, sensors, artificial intelligence & data analytics to create smarter, safer, and more efficient transport.

### FUTURE-PROOF

The Machine Intelligence in Autonomous Vehicles Summit brings together leading industry players, exciting new startups and breakthrough research to create smarter and more efficient transport. The event will showcase the opportunities of emerging trends in sensors, connected devices, virtual assistants, and vehicle-to-vehicle communications to create connected and cooperative cars. The global connected car market size is expected to reach \$180 billion by 2022. This summit is a unique opportunity to interact with business leaders, influential technologists and entrepreneurs leading the connected car revolution.

### WHY ATTEND?

#### Extraordinary Speakers

At the Machine Intelligence in Autonomous Vehicles Summit, the most influential innovators, leading technologists and business executives will come together to explore emerging IoT and machine learning trends and insights.

#### Discover Emerging Technologies

Trying to predict what's on the horizon? Learn the latest technological advancements from a global line-up of experts. Stand still and you'll be left behind. It's time to learn about breakthrough future technology.

#### Expand Your Network

A unique opportunity to interact with business leaders, influential technologists & founders leading the connected car revolution. Learn from and connect with 150+ industry innovators sharing best practices and insights to advance the interconnected car and create more sustainable transport.

### WHO WILL YOU MEET?

CTOs  
Founders  
CEOs

Director of Engineering  
Data Scientists  
Investors

# ROI?

We know how important it is to consider value for money and ROI when attending external events so we've got a few things up our sleeves to make sure attending RE•WORK is REALLY worthwhile...

## World-Class Presentations

Discover what's on the technological horizon from the world's leading academics and scientists

## Deep-Dive Workshops

A chance to rethink and dive deeper into specific topics in interactive and stimulating workshops

## Networking App

Connect with fellow attendees and speakers to organise meetings

## Presentations Post-summit

View all the summit presentations again from the comfort of your own home or office

## Fast Wifi

We know something urgent could easily crop up so we're providing free wifi so you can keep on top of everything

## Smell the Coffee

Oh, and did we also mention complimentary breakfast, lunch and all day coffee?

## HOW DO I FIND OUT MORE INFORMATION?

Still have some questions? Contact us to say hello and we'll make it our mission to answer them.

### TEAM DISCOUNT

Oh, and one more thing. Send your team and we'll give you a discount!

**20%** off for teams of 3+ and **30%** off for teams of 5+.

Email [hello@re-work.co](mailto:hello@re-work.co) to make the booking.
