

CONVINCE YOUR BOSS

MACHINE INTELLIGENCE SUMMIT

Hong Kong, 6-7 June

WHAT IS IT ALL ABOUT?

Now that AI is here to stay, companies are looking to machine intelligence to research, develop and revolutionize software that can change the way we live, carry out our jobs and predict the future. Companies big, small, new and established are getting involved and leading the race, with much more being invested into technologies, research and talented professionals. The Machine Intelligence Summit brings all of these together to discuss and learn about topics including; Robotics, Machine Learning, Deep Learning Algorithms, NLP, Predictive Analytics, End-to-End Process and Speech Recognition.

WHAT WILL YOUR EMPLOYEE GAIN FROM IT?

Experience World-Class Presentations

Discover what's on the horizon from the world's leading minds in AI & explore cutting-edge advancements.

- Paypal

DON'T JUST TAKE OUR WORD FOR IT

I enjoyed seeing what other people are doing. It sparked new ideas, validated existing ones, & resulted in serendipitous connections. Chief Data Scientist, **Talla**

I had the opportunity to meet with the head of a prominent VC firm and found out about startups that would like me to be their technical advisor. I was able to bring my research to a wider audience. Great event! Research Scientist, **OpenAI**

Extremely well organised & intellectually stimulating event, with excellent speakers, audience interaction, and participation. Professor, **Cornell University**

I had the opportunity to meet with the head of a prominent VC firm and found out about startups that would like me to be their technical advisor. As a speaker, I was able to bring my research to a wider audience. Great event!. Ian Goodfellow, **Google Brain**

SUPPORTED BY LEADING COMPANIES

As the summits continue to grow, we welcome new speakers, sponsors and exhibitors each year as well as returning companies who continue to benefit from the wealth of knowledge and expertise.

WHAT'S INCLUDED?

Full access to presentations from both the Machine Intelligence Summit track and parallel with Machine Intelligence in Healthcare track, providing a diverse agenda. There will also be **interactive sessions** and **panel discussions**. On both days a light breakfast, a hot lunch, tea and coffee and refreshments will be provided.

There will be **free wifi** so you can catch up on those important emails, as well as **charging stations** available. Across the summit there will be **7+ hours of networking** with **500+ attendees** across both tracks, including a drinks reception at the end of day 1. You will also receive **post-event access to all the filmed presentations**.

Group discounts available on summit tickets : TEAM3: save 20%, TEAM5: save 30%
