

1st Grade MBSP Data

(Monitoring Basic Skills Progress)

Dear Families,

We will be doing a math assessment every 1-3 week(s) to monitor the progress your child is making in math. Attached you will find your child's first, 1st Grade "Computation" Assessment. Below are the expected First Grade Benchmark scores for Fall, winter, and Spring.

	FALL	WINTER	SPRING
Computation (2 Minutes to complete)			
At Risk	4	7	9
Some Risk	6	12	14
Low Risk	11	17	19

We would like to send these assessments home each time they are given so that you can see the things your child does well and the things your child still needs to work on. Please note that THESE ADDITION & SUBTRACTION SKILLS ARE ONES your child must be able to do by then END OF THE YEAR!

We will be sending home various ways that you can help your child throughout the year to make them successful, but do not hesitate to contact us if you have any questions or concerns!

Sincerely,

Team Schappelkins
