Above is the weekly schedule for **MEMBER USE** of the Lap Pool.
An orange cone indicates use of lane for swim team.

If all lanes are full, we ask that lap swimmers share lanes. Locate a swimmer who swims your equivalent speed and let them know that you would like to join them in the lane. If you cannot get their attention, ask a lifeguard for assistance.

Aqua-Fitness Class Descriptions

Arthritis: Range of motion exercises done in shallow water developed from physical therapy exercises and the National Arthritis Foundation, this class is particularly helpful for those beginning their fitness adventures and people dealing with arthritis and fibromyalgia.

Aqua-Bootcamp - a high intensity class that can be easily modified for every individual. Consisting of alternating cardio/upper body athletic moves and a big core finish. It's the workout you'll love to hate!

Aqua-Tabata: a high intensity interval training workout using the principles developed by Dr. Izumi Tabata, our Aqua-Tabata workouts will get you to your fitness goals without the wear and tear on your joints. Participants will do 6-8 rounds of 4 minutes each, 20 seconds of hard work (at their own level) followed by 10 seconds of active recovery.

H2O Cardio: We can't be contained to just one workout! Burn some calories with a variety of moves/workouts that are customizable to each member. On Fridays we will add 1/2 hour of yoga to focus on CORE and balance training

Deep Water Cardio: Work your heart and tone your upper body and Abs with this workout. These classes take place in deeper water using hand held floats, non-swimmers and weak swimmers should use caution and may not feel comfortable.
