Aging and Disability Resource Centers/ No Wrong Door
Call Eldercare Locator Toll-free 1-800-677-1116 to find the ADRC in your area.

The No Wrong Door (NWD) System initiative is a collaborative effort of the ACL, the Centers for Medicare & Medicaid Services (CMS), and the Veterans Health Administration (VHA). The NWD System initiative builds upon the Aging and Disability Resource Center (ADRC) program and CMS’ Balancing Incentive Program No Wrong Door requirements that support state efforts to streamline access to long-term services and support (LTSS) options for older adults and individuals with disabilities. NWD Systems simplify access to LTSS, and are a key component of LTSS systems reform.

The Aging and Disability Resource Center Program (ADRC) is a collaborative effort of the U.S. Administration for Community Living (including AoA as of April 2012) and the Centers for Medicare & Medicaid Services (CMS). ADRCs serve as single points of entry into the long-term supports and services system for older adults and people with disabilities. Sometimes referred to as a “one-stop shops” or "no wrong door" systems, ADRCs address many of the frustrations consumers and their families experience when trying to find needed information, services, and supports. Through integration or coordination of existing aging and disability service systems, ADRC programs raise visibility about the full range of options that are available, provide objective information, advice, counseling and assistance, empower people to make informed decisions about their long term supports, and help people more easily access public and private long term supports and services programs. Click on your state to find state and local ADRCs.

The core functions of an ADRC are 1) information, referral and awareness, 2) options counseling, advice and assistance, 3) streamlined eligibility determination for public programs, 4) person-centered transitions, 5) quality assurance and continuous improvement. ADRCs perform these functions by integrating, coordinating, and strengthening different pieces of the existing long term supports and services systems,
including Area Agencies on Aging, Centers for Independent Living, state and local Medicaid offices, and other community-based organizations.

COMMUNITY HEALTH CENTERS

https://www.communitycareks.org/
Community Care Network of Kansas
700 SW Jackson St, Suite 600
Topeka, KS 66603
Phone: 785-233-8483

Community Health Centers are non-profit organizations providing health care to those with insurance and without. All sites offer primary care and many offer specialty care as well. There is no residency requirement; individuals can receive services at any facility of their choosing, with over 1,200 health centers in 8,000 rural and urban communities across the nation. Sliding-scale fees based on family size, income, and insurance status ensure that anyone who uses a Community Health Center can receive quality care regulated by federal standards. Please call the state association listed above to find a Community Health Center in your local area.

http://findahealthcenter.hrsa.gov/
Health Resources and Services Administration (HRSA): Find a Health Center
HRSA Health Centers care for you, even if you have no health insurance – you pay what you can afford based on your income. Health centers provide services that include checkups when you are well, treatment when you are sick, complete care when you are pregnant, and immunizations and checkups for your children. Some health centers also provide mental health, substance abuse, oral health, and/or vision services. Contact the health center organization directly to confirm the availability of specific services and to make an appointment.

http://whoismyrepresentative.com/
Find your elected officials to contact them on legislation that is important to you. Each member of Congress maintains at least one office in his or her home state or district.
Most have multiple offices throughout the state or district. These offices are designed for direct contact with constituents (that's you!). This is your opportunity to advocate and make your voice heard in Congress without traveling to Washington, DC. Congressional offices are also a great resource for handling problems with federal agencies. You have a constitutionally guaranteed right to petition your government, and home offices provide you an opportunity to use that right.

The mission of the state long-term care ombudsman is to protect the health, safety, welfare and rights of the elderly in nursing homes, assisted living facilities and other facilities.

HOUSING

www.hud.gov

Housing and Urban Development (HUD) is the government office which offers information on public housing, buying a home, renting, discrimination, FEMA related housing, and more. HUD also provides a list of housing counselors as well as information on ways to avoid foreclosure. To find your local HUD office, please click on the “State Info” tab across the top bar, then click on your state, then click on “contact my local office”. If you want info on public housing, click here: https://www.hud.gov/program_offices/public_indian_housing/pha/contacts and choose your state from the drop down box.

www.211.org

211

211 can help people find emergency shelters for individuals and families in crisis. Learn about programs that offer rental assistance, subsidized housing, and housing vouchers that can help families, the elderly and disabled individuals pay for housing.

Christopher & Dana Reeve Foundation’s Peer & Family Support Program (PFSP)
636 Morris Turnpike, Suite 3A
Short Hills, NJ 07078
Phone: 800-539-7309
Email: Peer@ChristopherReeve.org
The Peer & Family Support Program (PFSP) is the Reeve Foundation’s national peer-to-peer mentoring program. The goal of PFSP is to provide critical emotional support, as well as, local and national information and resources to people living with paralysis, and their families and caregivers. When possible, the program matches people with paralysis with certified peer mentors who are of similar age, location, gender, and level of injury or type of paralyzing condition. The Reeve Foundation’s Quality of Life Grants program gives out grants to peer support groups (amongst other groups) that are associated with a non-profit organization. If you represent a non-profit organization looking for a Quality of Life grant, please see: www.ChristopherReeve.org/qol for more info on qualifying and applying.

ThinkFirst offers evidence-based injury prevention programs for students of all ages through their network of healthcare-based chapters. Health educators and people who have experienced brain or spinal cord injuries help students understand the importance of making safe choices related to vehicles, sports, violence and falls. To find chapter information in your area, please go to their website and click on the “Chapter Site” tab.

The information contained in this message is presented for the purpose of educating and informing you about paralysis and its effects. Nothing contained in this message should be construed nor is intended to be used for medical diagnosis or treatment. It should not be used in place of the advice of your physician or other qualified health care provider. Should you have any health care related questions, please call or see your physician or other qualified health care provider promptly. Always consult with your physician or other qualified health care provider before embarking on a new treatment, diet or fitness program. You should never disregard medical advice or delay in seeking it because of something you have read in this message.
