Aging and Disability Resource Centers/ No Wrong Door

Call Eldercare Locator Toll-free 1-800-677-1116 to find the ADRC in your area.

The No Wrong Door (NWD) System initiative is a collaborative effort of the ACL, the Centers for Medicare & Medicaid Services (CMS), and the Veterans Health Administration (VHA). The NWD System initiative builds upon the Aging and Disability Resource Center (ADRC) program and CMS’ Balancing Incentive Program No Wrong Door requirements that support state efforts to streamline access to long-term services and support (LTSS) options for older adults and individuals with disabilities. NWD Systems simplify access to LTSS, and are a key component of LTSS systems reform.

The Aging and Disability Resource Center Program (ADRC) is a collaborative effort of the U.S. Administration for Community Living (including AoA as of April 2012) and the Centers for Medicare & Medicaid Services (CMS). ADRCs serve as single points of entry into the long-term supports and services system for older adults and people with disabilities. Sometimes referred to as a “one-stop shops” or "no wrong door" systems, ADRCs address many of the frustrations consumers and their families experience when trying to find needed information, services, and supports. Through integration or coordination of existing aging and disability service systems, ADRC programs raise visibility about the full range of options that are available, provide objective information, advice, counseling and assistance, empower people to make informed decisions about their long term supports, and help people more easily access public and private long term supports and services programs. Click on your state to find state and local ADRCs.

The core functions of an ADRC are 1) information, referral and awareness, 2) options counseling, advice and assistance, 3) streamlined eligibility determination for public programs, 4) person-centered transitions, 5) quality assurance and continuous improvement. ADRCs perform these functions by integrating, coordinating, and
strengthening different pieces of the existing long term supports and services systems, including Area Agencies on Aging, Centers for Independent Living, state and local Medicaid offices, and other community-based organizations.

Community-Based Fitness Programs

The Reeve Foundation has several Community Fitness and Wellness facilities that are part of its NeuroRecovery Network (NRN) program. These facilities are accepting individuals with walking difficulties related to any cause (not just SCI) and are hosting activity-based exercise programs designed specifically for individuals with physical disabilities. There is not one in this state but if you would like to learn more about the program, please go to www.ChristopherReeve.org/NRN.

Community Health Centers

www.mo-pca.org
Missouri Primary Care Association
3325 Emerald Lane
Jefferson City, MO 65109
Phone: 573-636-4222
Community Health Centers are non-profit organizations providing health care to those with insurance and without. All sites offer primary care and many offer specialty care as well. There is no residency requirement; individuals can receive services at any facility of their choosing, with over 1,200 health centers in 8,000 rural and urban communities across the nation. Sliding-scale fees based on family size, income, and insurance status ensure that anyone who uses a Community Health Center can receive quality care regulated by federal standards. Please call the state association listed above to find a Community Health Center in your local area.

http://findahealthcenter.hrsa.gov/
Health Resources and Services Administration (HRSA): Find a Health Center
HRSA Health Centers care for you, even if you have no health insurance – you pay what you can afford based on your income. Health centers provide services that include checkups when you are well, treatment when you are sick, complete care when you are pregnant, and immunizations and checkups for your children. Some health centers also provide mental health, substance abuse, oral health, and/or vision services. Contact the
health center organization directly to confirm the availability of specific services and to make an appointment.

http://whoismyrepresentative.com/
Find your elected officials to contact them on legislation that is important to you. Each
member of Congress maintains at least one office in his or her home state or district.
Most have multiple offices throughout the state or district. These offices are designed for
direct contact with constituents (that's you!). This is your opportunity to advocate and
make your voice heard in Congress without traveling to Washington, DC. Congressional
offices are also a great resource for handling problems with federal agencies. You have a
constitutionally guaranteed right to petition your government, and home offices provide you an opportunity to use that right.

Phone: 800-539-7309
Email: Peer@ChristopherReeve.org
The Peer & Family Support Program (PFSP) is the Reeve Foundation’s national peer-to-peer mentoring program. The goal of PFSP is to provide critical emotional support, as well as, local and national information and resources to people living with paralysis, and their families and caregivers. When possible, the program matches people with paralysis with certified peer mentors who are of similar age, location, gender, and level of injury or type of paralyzing condition. The Reeve Foundation’s Quality of Life Grants program gives out grants to peer support groups (amongst other groups) that are associated with a non-profit organization. If you represent a non-profit organization looking for a Quality of Life grant, please see: www.ChristopherReeve.org/qol for more info on qualifying and applying.

Phone: 913-649-1776
Their Next Step program is a wellness program to help stroke survivors continue to improve and regain independence in daily living skills. Next Step offers classes and programs designed to address survivors’ physical, cognitive, social, and emotional well-being in a welcoming group environment. They offer various fitness and aquatics at three locations: Mission, KS, Blue Springs, MO, and Kansas City, MO. There is a monthly fee to participate. Programs are facilitated by occupational therapy staff and students as well as stroke survivors.

Their mission is to improve the lives of people with neurodegenerative disorders by funding collaborative, translational research that has the potential to fast-track new treatments and cures.

Missouri Cures Education Foundation
PO Box 16580
St. Louis, MO 63105
Email: info@missouricures.com
The Missouri Cures Education Foundation is a statewide nonprofit public education and advocacy alliance working to promote medical advances to improve the health of Missourians and stimulate the economy in our state. Originally formed to protect stem cell research in Missouri, we have broadened our approach to protecting all medical research in the state to ensure that any research that is legal at the federal level is also legal in Missouri.

MO Better Foundation
Assists Missourians (adults and children) with permanent physical disabilities by providing financial assistance to aid in purchasing items to assist in daily living particularly those related to technology, transportation and mobility.

Moebius Syndrome Foundation

Email: thinkfirst@thinkfirst.org
ThinkFirst offers evidence-based injury prevention programs for students of all ages through their network of healthcare-based chapters. Health educators and people who have experienced brain or spinal cord injuries help students understand the importance of making safe choices related to vehicles, sports, violence and falls. To find chapter information in your area, please go to their website and click on the “Chapter Site” tab.
