Aging and Disability Resource Centers/ No Wrong Door
Call Eldercare Locator Toll-free 1-800-677-1116 to find the ADRC in your area.

The No Wrong Door (NWD) System initiative is a collaborative effort of the ACL, the Centers for Medicare & Medicaid Services (CMS), and the Veterans Health Administration (VHA). The NWD System initiative builds upon the Aging and Disability Resource Center (ADRC) program and CMS’ Balancing Incentive Program No Wrong Door requirements that support state efforts to streamline access to long-term services and support (LTSS) options for older adults and individuals with disabilities. NWD Systems simplify access to LTSS, and are a key component of LTSS systems reform.

The Aging and Disability Resource Center Program (ADRC) is a collaborative effort of the U.S. Administration for Community Living (including AoA as of April 2012) and the Centers for Medicare & Medicaid Services (CMS). ADRCs serve as single points of entry into the long-term supports and services system for older adults and people with disabilities. Sometimes referred to as a “one-stop shops” or "no wrong door“ systems, ADRCs address many of the frustrations consumers and their families experience when trying to find needed information, services, and supports. Through integration or coordination of existing aging and disability service systems, ADRC programs raise visibility about the full range of options that are available, provide objective information, advice, counseling and assistance, empower people to make informed decisions about their long term supports, and help people more easily access public and private long term supports and services programs. Click on your state to find state and local ADRCs.

The core functions of an ADRC are 1) information, referral and awareness, 2) options counseling, advice and assistance, 3) streamlined eligibility determination for public programs, 4) person-centered transitions, 5) quality assurance and continuous
improvement. ADRCs perform these functions by integrating, coordinating, and strengthening different pieces of the existing long term supports and services systems, including Area Agencies on Aging, Centers for Independent Living, state and local Medicaid offices, and other community-based organizations.

Community Health Centers are non-profit organizations providing health care to those with insurance and without. All sites offer primary care and many offer specialty care as well. There is no residency requirement; individuals can receive services at any facility of their choosing, with over 1,200 health centers in 8,000 rural and urban communities across the nation. Sliding-scale fees based on family size, income, and insurance status ensure that anyone who uses a Community Health Center can receive quality care regulated by federal standards. Please call the state association listed above to find a Community Health Center in your local area.

http://findahealthcenter.hrsa.gov/
Health Resources and Services Administration (HRSA): Find a Health Center
HRSA Health Centers care for you, even if you have no health insurance – you pay what you can afford based on your income. Health centers provide services that include checkups when you are well, treatment when you are sick, complete care when you are pregnant, and immunizations and checkups for your children. Some health centers also provide mental health, substance abuse, oral health, and/or vision services. Contact the health center organization directly to confirm the availability of specific services and to make an appointment.

http://www.house.gov/representatives/find/
http://whoismyrepresentative.com/
Find your elected officials to contact them on legislation that is important to you. Each member of Congress maintains at least one office in his or her home state or district. Most have multiple offices throughout the state or district. These offices are designed for direct contact with constituents (that's you!). This is your opportunity to advocate and
make your voice heard in Congress without traveling to Washington, DC. Congressional offices are also a great resource for handling problems with federal agencies. You have a constitutionally guaranteed right to petition your government, and home offices provide you an opportunity to use that right.

Adler Aphasia Center
60 West Hunter Avenue
Maywood, NJ 07607
Phone: 201-368-8585
Email: info@AdlerAphasiaCenter.org
Our dynamic activities and quality programs and services offer a unique approach to enhancing communication skills as well as improving the quality of life for those with aphasia. Caregivers will also find the encouragement, understanding, education and support to help them balance their own needs. Continuing professional education, volunteer opportunities, research and training will attract students, clinicians and supporters. Education and advocacy within the professional and public community about aphasia will assist in enabling members to re-engage in society and get on with their lives. Staff, instructors, volunteers and members will receive the training they need to enable the center to expand their programs.

Email: info@allairehc.com
Horizons Neurological at Allaire is a young adult long term care program that treats people ages 18-59 that have a neurological impairment such as TNI, MS, SCI, seizure disorder, and CP. These diagnoses and injuries can often lead to paralysis. Rehabilitation therapy (OT, PT, ST) is offered up to 5 times per week. A physiatrist and neuropsychologist evaluate and follow each resident. Social workers on staff can assist the resident to return to the community. Specialized activities are offered that address the needs of young adults with neurological impairments. Multiple support groups are offered such as music therapy, art therapy, pet therapy, Tai Chi, Reiki, and CBT.
