**Aging and Disability Resource Centers/ No Wrong Door**

Call Eldercare Locator Toll-free 1-800-677-1116 to find the ADRC in your area.

The No Wrong Door (NWD) System initiative is a collaborative effort of the ACL, the Centers for Medicare & Medicaid Services (CMS), and the Veterans Health Administration (VHA). The NWD System initiative builds upon the Aging and Disability Resource Center (ADRC) program and CMS’ Balancing Incentive Program No Wrong Door requirements that support state efforts to streamline access to long-term services and support (LTSS) options for older adults and individuals with disabilities. NWD Systems simplify access to LTSS, and are a key component of LTSS systems reform.

The Aging and Disability Resource Center Program (ADRC) is a collaborative effort of the U.S. Administration for Community Living (including AoA as of April 2012) and the Centers for Medicare & Medicaid Services (CMS). ADRCs serve as single points of entry into the long-term supports and services system for older adults and people with disabilities. Sometimes referred to as a “one-stop shops” or "no wrong door" systems, ADRCs address many of the frustrations consumers and their families experience when trying to find needed information, services, and supports. Through integration or coordination of existing aging and disability service systems, ADRC programs raise visibility about the full range of options that are available, provide objective information, advice, counseling and assistance, empower people to make informed decisions about their long term supports, and help people more easily access public and private long term supports and services programs. Click on your state to find state and local ADRCs.
The core functions of an ADRC are 1) information, referral and awareness, 2) options counseling, advice and assistance, 3) streamlined eligibility determination for public programs, 4) person-centered transitions, 5) quality assurance and continuous improvement. ADRCs perform these functions by integrating, coordinating, and strengthening different pieces of the existing long term supports and services systems, including Area Agencies on Aging, Centers for Independent Living, state and local Medicaid offices, and other community-based organizations.

Wheeling, WV 26003
Phone: 304-281-0474
Heart 2 Heart is a non-profit Christian faith based organization whose volunteers are dedicated to the mission of visiting the sick, disabled and elderly. We provide them with what they need spiritually, physically and emotionally to the best that we can. We are advocates for them and raise an awareness for what we believe is becoming a forgotten sector of society. Our volunteers are Christians from various denominations with a desire to fulfill the call of our Lord Jesus to visit the sick, disabled, and elderly, bringing the churches and community together for this purpose.

Community Health Centers are non-profit organizations providing health care to those with insurance and without. All sites offer primary care and many offer specialty care as
well. There is no residency requirement; individuals can receive services at any facility of their choosing, with over 1,200 health centers in 8,000 rural and urban communities across the nation. Sliding-scale fees based on family size, income, and insurance status ensure that anyone who uses a Community Health Center can receive quality care regulated by federal standards. Please call the state association listed above to find a Community Health Center in your local area.

Health Resources and Services Administration (HRSA): Find a Health Center

HRSA Health Centers care for you, even if you have no health insurance – you pay what you can afford based on your income. Health centers provide services that include checkups when you are well, treatment when you are sick, complete care when you are pregnant, and immunizations and checkups for your children. Some health centers also provide mental health, substance abuse, oral health, and/or vision services. Contact the health center organization directly to confirm the availability of specific services and to make an appointment.

Find your elected officials to contact them on legislation that is important to you. Each member of Congress maintains at least one office in his or her home state or district. Most have multiple offices throughout the state or district. These offices are designed for direct contact with constituents (that's you!). This is your opportunity to advocate and make your voice heard in Congress without traveling to Washington, DC. Congressional offices are also a great resource for handling problems with federal agencies. You have a constitutionally guaranteed right to petition your government, and home offices provide you an opportunity to use that right.

The Peer & Family Support Program (PFSP) is the Reeve Foundation’s national peer-to-peer mentoring program. The goal of PFSP is to provide critical emotional support, as well as, local and national information and resources to people living with paralysis, and their families and caregivers. When possible, the program matches people with paralysis with certified peer mentors who are of similar age, location, gender, and level of injury or type of paralyzing condition. The Reeve Foundation’s Quality of Life Grants program gives out grants to peer support groups (amongst other groups) that are associated with a non-profit organization. If you represent a non-profit organization looking for a Quality of Life grant, please see: www.ChristopherReeve.org/qol for more info on qualifying and applying.
