

## Vermont Fish and Wildlife Hunter Education Program: Teach the Tradition.

Thank you for your interest in furthering the hunting tradition in the state of Vermont! The Vermont hunting legacy can only continue with the participation of outstanding volunteers. Our instructors are safe and ethical hunters who help new hunters get a safe start, and are passionate about passing down the legacy of hunting and general outdoorsmanship. Instructors value game meat and the production of marketable pelts, respect wildlife and the wild lands in which they live, and are active members of the community. If this sounds like you, apply to become a Hunter Education Instructor today! All instructor applicants must meet these minimum requirements:

- 1) At least 18 years of age (contact us for more information if you are under 18!)
- 2) Minimum 3 years hunting, military, or shooting sports experience
- 3) No felony, serious misdemeanors, or Fish and Wildlife violations
- 4) Undergo and pass a background check conducted by a Fish and Wildlife Game Warden
- 5) Attend and pass an instructor training course
- 6) Must be eligible to buy, own, and possess firearms in accordance with State and Federal law
- 7) Attend at least one banquet or instructor development class every other year
- 8) Teach at least one Hunter, Bowhunter, or Trapper Education class every other year

Currently, Vermont Fish and Wildlife offers three courses for potential hunters:

**Hunter Education:** Basic Hunter Education is required for all hunting licenses. This course covers basic firearm handling and safety, equips students with basic knowledge of the outdoors and wildlife management, as well as beginner hunting techniques. Students also learn about good hunting ethics, and hunter responsibility.

**Bowhunter Education:** This course is required to hunt big game with a bow and arrow. Bowhunting proves a unique challenge to hunters, but it allows an extended season to those who accept that challenge. This course readies students for bow, arrow, tree stand selection and safety, and concentrates on how to make any bowhunting trip safe and successful.

Note: some instructors teach combination courses, which combines the basic Hunter and Bowhunter Education classes, and allows students to obtain both certifications in one class.

**Trapper Education:** This course is required for anyone who wishes to purchase a license to trap furbearers. The aim of this class is to teach students to trap according to Best Management Practices, to trap safely, responsibly, and ethically. The class also covers pelt refining, and how to produce furs for sale.

Please fill out the enclosed application and mail or e-mail it to our Hunter Education Program Office to begin your Hunter Education journey!
