

COVID19 Holy K.I.S.S. Framework

Keep it simple, saints.

During this season we are going to simplify our discussions for group life. Below you will find a helpful framework to utilize during your online community group gatherings (zoom/google hangouts/etc.). We encourage you to use this guide to go deeper into the passage of Scripture that was taught the previous Sunday so that it might move us toward Christ-centered discipleship.

Also, feel free to use these questions as you have one-on-one conversations to see how others are doing (members and neighbors), as well as self-assessment questions during your personal devotion time with God.

Communion with God

- What is one truth about God that you are clinging to right now from the sermon or from your personal devotional time in God's Word?
- What is one act of obedience the Spirit is calling you towards this week?
- What is your one prayer request for personal renewal?

Community with God's People

- What is one burden you want to share with us that you need help shouldering?
- What is one burden you are currently shouldering for others that we can assist you with?
- Who is not connected with us that must be connected? (*Who will reach out?*)

Commissioned to God's World

- Who is one neighbor that you are caring for right now and how can we help?
