

The GeneXpert® System

Molecular diagnostics made fast, accurate, and easy.

With the GeneXpert® System and the Xpert® test menu, Cepheid delivers actionable results when clinicians need them most.

Only GeneXpert Xpress II and GeneXpert Xpress IV Systems are intended for use in CLIA Waived settings.

* For *In Vitro* Diagnostic Use

^ Xpert Xpress Flu, Xpert Xpress Flu/RSV, and Xpert Xpress Strep A are *in vitro* diagnostic devices for use in Moderate Complexity or CLIA waived setting.

The product information is intended to outline our general product direction and it should not be relied upon in making a purchasing decision as the development, release, and timing of any of our products remains at our discretion and is also subject to regulatory review. Product availability in 2018 and beyond is projected based on anticipated US FDA regulatory review (clearance or approval as appropriate).

Test menu and pipeline is subject to revision, particularly in years 2021 and beyond. The test menu and pipeline currently do not include any products for the GeneXpert Omni System.

EUA = Emergency Use Authorization | CW = CLIA-Waived

Tests with (Update) represent product improvements and are excluded from total test counts. | Xpress = Faster Time to Result
