

Sequência de apresentações orais SIMBOA 2017

QUARTA-FEIRA DE 14:00 ÀS 15:20

- **Márcia Danielle de Araújo Dantas** - In silico structural analysis of capsid protein and RNA polymerase RNA dependent of Infectious myonecrosis virus;
- **Sara Susan Silva de França** - Chitooligosaccharides obtained from processing residues of the *Litopenaeus vannamei*: Production, characterization and evaluation the antioxidant activities;
- **Moacir F. de Queiroz Neto** - Gallic acid-chitosan conjugate enhances antioxidant power and reduces calcium oxalate crystal formation;
- **Mateus Gomes de Godoy** - Nutritional improvement of residues from the palm oil and cacao industry for use as animal feed.

QUINTA-FEIRA DE 08:50 ÀS 09:50

- **Karoline Rachel Teodosio de Melo** - Preventive effect of Sulfated polysaccharides from *Dictyopterus justii* in peroxidative injury of calcium;
- **Carlos Yure Barbosa de Oliveira** - Growth of microalgae *Chlorella vulgaris* (Kessler & Huss, 1992) (Chlorophyceae, Chlorococcales, Oocystaceae) in effluent from a biofloc system oxalate in vitro;
- **Agatha Catharina Limeira** - Growth of *Thalassiosira fluviatilis* in wastewater from;
- **MIRLA DAYANNY PINTO FARIAS** - L-ascorbic acid encapsulation in xiloglucan and its application in tilapia fish burgers.

SEXTA-FEIRA DE 08:50 ÀS 09:30

- **Maria Helena M. Estevam Alves** - Physicochemical characterization of magnetic-Azocasein composite particles employed for fish viscera protease purification;
- **Rony Lucas da Silva Viana** - Immunomodulatory effect of xylogalactans from red seaweed *Hypnea musciformis*.
- **Flávio Guilherme Floro Rodrigues** - Effect of *Bacillus subtilis* and *Shewanella* algae on immune genes expression of *Litopenaeus vannamei*

LOCAL DO EVENTO:

FIERN - Federação das Indústrias do Estado do Rio Grande do Norte, Natal-RN

Endereço: Av. Sen. Salgado Filho, 2860 - Lagoa Nova, Natal - RN, 59075-900

Telefone: (84) 3204-6200
