

“When you see someone who has a lot of knowledge, they learned it over time. When you see someone who has a lot of skills, they developed them over time. When you see someone who has done a lot, they accomplished it over time. When you see someone who has a lot of money, they earned it over time.”

~Gary Keller

Who are the top three people that you believe run the field/industry you are currently in?

What’s the one thing that you want to accomplish now that you feel would put you in the game with your top three right now?

Choose one of your three. What three things would you need to do in order to be in that same playing field with that one?

Out of those three things, which could you accomplish in the next 90 days?
