PROPERTY DESCRIPTION

Welcome to 1060 Purdue, a charming all-brick 4-bedroom, 2-bath home in University City offering classic character, flexible living space, and a fantastic central location. Beautiful hardwood floors flow through an open floor plan connecting the living room, dining room, and kitchen, featuring granite countertops, stainless steel appliances, and updated cabinetry. The living room offers a wood-burning fireplace, while French doors off the dining room add architectural charm. Two bedrooms and a full bath on the main level provide flexibility for guests, an office, or single-level living. Upstairs you'll find two additional bedrooms, an en-suite bath, and generous semi-walk-in closet space. Outside, enjoy a fenced yard, deck, driveway, and garage. Walk to nearby schools, the neighborhood park with live music events, the recreation center hosting the U. City Farmers Market, and enjoy easy access to shopping, dining, major thoroughfares, and the growing Market at Olive development anchored by Target. Classic U. City charm with everyday convenience!
