Save A Leg Save A Life (SALSAL) Regional Symposium
Gurnee, IL
October, 2012
- **Co-Chairman**
CLESS Orthobiologics and Tissue Regeneration Symposium
Chicago, IL
June, 2012
- **Co-Chairman**
CLESS Orthobiologics and Tissue Regeneration Symposium
Chicago, IL
November, 2011
- **Course Advisor,** Scholl's Pedal Manifestations of Systemic Diseases Course
North Chicago, IL
October, 2011
- **Course Advisor,** Scholl's Wound Healing Course
North Chicago, IL
April, 2011

• **Scientific Coordinator**

Wound Care Tract, 2010 Midwest Podiatry Conference
Chicago, IL
October, 2009– April, 2010

EDUCATION

(Listed in reverse chronological order)

• **Fellowships:**

Research Fellowship
Grant: American Podiatric Medical Association Fellowship Grant
Center for Lower Extremity Ambulatory Research (CLEAR) at
Rosalind Franklin University of Medicine and Science, North Chicago, IL
Mentor: Dr. David Armstrong, DPM, MSc, PhD, Professor of Surgery,
Director of CLEAR
2004 – 2006

Lower Extremity Reconstruction and Diabetic Limb Salvage;
Georgetown University Hospital, Washington DC
Director of Fellowship: Dr. Christopher Attinger, MD, FACS, Dept. of
Plastic Surgery
2003-2004

• **Residency:**

Inova Fairfax Hospital / Northern Virginia Podiatric Residency Program
Podiatric Surgical Residency, Fairfax, VA
36 months, 2001-2004

Comprehensive training in all aspects of foot and ankle surgery,
inclusive of reconstructive procedures, pediatrics, arthroscopy,
traumatology, wound care, plastic surgery and limb salvage

Surgical residency experience includes well over 2000 foot and
ankle surgeries performed under the guidance of Podiatric,
Orthopedic, Pediatric Orthopedic and Plastic Surgery attendings

Chief Resident, Podiatric Surgical Residency Program, 2003

Orthopedics (General: adult & pediatric, elective and trauma surgery)

c. Honors and Awards

(Listed in reverse chronological order of honors/awards received)

1. First Place, Outstanding Student/Resident Research Category, American Podiatric Medical Association Annual Scientific Meeting, **Wu SC**, Kim J, Peterson D “Changes in Gene Expression of Cytokines, Inflammatory and Growth Factors in a Human Diabetic Wound Bed” Honolulu, HI, July, 2014.

2. Third Place, Outstanding Student/Resident Research Category, American Podiatric Medical Association Annual Scientific Meeting, Peterson B, Yalla SV, Swanke R, Crews RT, **Wu SC**, Joseph R, "Recreational Runner's Self-Perception Compared to their Actual Running Strike Patterns." Honolulu, HI, July, 2014.
3. Commencement Address – Invited Speaker
Barry University School of Podiatric Medicine Commencement
April, 26, 2014, Miami Shores, FL
4. Best student research poster, Dr. William M. Scholl College of Podiatric Medicine, Rosalind Franklin University of Medicine and Science, All School Research Consortium, Roeske S, Wu SC, Philibert KD, Glucksman MJ "Identification of Biomarkers Associated with Prediction of Healing vs. Non-healing Chronic Diabetic Plantar Foot Ulcers", March, 2014, North Chicago, IL
5. Silver Award, Outstanding Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Wu SC, Cromwell CL, Philibert KD, Glucksman MJ, "Identification of Serum Biomarkers as Predictors of Healing in Chronic Foot Ulcers" Las Vegas, July, 2013
6. One of the Most Influential Podiatrists in America, Podiatry Management, 2012 (selected every 5 years)
7. Silver Award, Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Harwood A, Wu SC, E Belay, L Shin, D Peterson "Expression of Cytokines and Growth Factors in Healing versus Non-Healing Wounds", Washington DC, August, 2012
8. Bronze Award, Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Baisch R, Humble N, Jarrett B, Grewal G, Wu SC "Assessment of Postural Control with Custom Skate Orthoses in Advanced Figure Skaters", Washington DC, August 2012
9. Bronze Award, Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Crews RT, Smith ST, Liu SB, Wu SC. "Offloading and Vascular Evaluations of Individuals at High Risk for Diabetic Foot Ulcers Cycling with the CLEAR Cleat", Washington DC, August 2012
10. First Place, 15th Annual international Post-graduate research symposium [IPGRS], G.S. Grewal, RA. Sayeed, S. Wu, and B. Najafi, A novel pragmatic paradigm to evaluate lower extremity joint perception in diabetes. April 19th-22nd, Chicago, IL, USA, 2012.
11. Honorable Mention, Rosalind Franklin University Research Symposium, Scholl Division, October, 2011, Kaiser C, Wu SC, Philibert KD, Glucksman MJ, "Serum Profile of Chronic Diabetic Ulcers: Identification of Biomarkers as Indicators of Non-Healing Ulcers" October, 2011
12. Second Place, Rosalind Franklin University Research Symposium, Scholl Division, Zellers M, Shin L, Harwood A, Shuck S, Wu SC, "Bacterial Burden and Histological Changes with Progressive Debridement of the Diabetic Foot Ulcer", October, 2011

13. First Place, Rosalind Franklin University Research Symposium, Scholl Division, Harwood A, Shin L, Wu SC, Petersen D “Presence of Angiogenic Growth Factors in Diabetic Ulcerations Surgical Debridement”, October 2011
14. Gold Award, Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Minder JL, Crews RC, Wu SC, “Control of Lower Extremity Edema in Persons with Diabetes with Mild Compression Diabetic Socks”, Boston, MA, July, 2011
15. Forth Place, Sigma Xi Merit Award, Midwest Student Biomedical Research Forum (MSBRF), Minder JL, Crews RC, Wu SC, “Control of Lower Extremity Edema in Persons with Diabetes with Mild Compression Diabetic Socks”, Omaha, NE, Feb., 2011
16. First Place, Rosalind Franklin University Research Symposium, Scholl Division, Minder J, Crews RC, Wu SC, “Control of Lower Extremity Edema in Patient with Diabetes” October, 2010
17. Gold Award for Oral Presentations, American Podiatric Medical Association Annual Meeting, Seattle, Washington, Wu SC, Christensen J, Shanahan K, Armstrong DG “Location, Location, Location: Specific Site of Biopsy Within Superficial Wounds May Yield Different Organisms” July, 2010
18. Dr. Marvin Steinberg Distinguished Podiatric Alumni Award, Barry University School of Podiatric Medicine, Orlando, FL, January, 2010
19. Parsley N, “Up Close and Personal with , DPM – A Rising Star in Wound Care” Podiatry Management, August, 2009
20. Bronze Award for Oral Presentations, American Podiatric Medical Association Annual Meeting, Toronto, Canada, Najafi B, Wu SC, Crews R, Shapiro R, Slone Rivera, Armstrong DG, Wrobel, JS “Increased Visual Dependence Of Postural Anticipatory Strategy In Patients With Diabetic Peripheral Neuropathy” July, 2009
21. Rising Star Award
American Podiatric Medical Association, Washington DC, March 23, 2009
22. Bronze Award for Oral Presentations, American Podiatric Medical Association Annual Meeting, Honolulu, Hawaii, Wu SC, Jensen J, Weber W, Robinson D, Armstrong DG “Pressure Mitigation and Offloading Devices: Considerations for Use in Acute Podiatric Diabetic Foot Care in the United States” July, 2008
23. Shin L, Rogers L, Wu SC, Peterson DA, Armstrong DG “Marrow Derived Mouse Mesenchymal Stem Cell for Diabetic Wound Healing”, American Medical Association Midwest Regional Research Competition, Omaha, NE, February, 2008
24. Listed as One of the 150 Most Influential Podiatrists in America, Podiatry Management, 2007 (selected every 5 years)
25. Silver Award for Oral Presentations, ”, American Podiatric Medical Association Scientific Conference, Philadelphia, PA, Kline EE, Crews RT, Wrobel JS, Wu SC, Armstrong DG “The CLEAR Cleat: Aerobic Activity

- Facilitator for Persons at high-risk for Lower Extremity Amputation, August, 2007
26. Gold Award for poster by a student or resident, Annual Podiatric Medical Association Scientific Conference, Philadelphia, PA, Corcoran M, Wu S, Vanik J “Effectiveness of a glass bead sterilizer in instrument sterilization” August, 2007
 27. 2006 American Podiatric Medical Association meeting, second place, outstanding student or resident poster: Kline EE, Crews RT, Wu SC, Armstrong DG “The CLEAR Cleat: Aerobic Activity Facilitator for Persons at high-risk for Lower Extremity Amputation” Las Vegas, NV, August 2006
 28. Dean’s Award
Dr. William M. Scholl College of Podiatric Medicine at Rosalind Franklin University of Medicine and Science, North Chicago, IL
June 20, 2006
 29. Lawrence R. Medoff Award for Outstanding Performance in Research, Teaching, and Clinical Care
Rosalind Franklin University of Medicine and Science, North Chicago, IL
June 1, 2006
 30. 2006 National Podiatric Postgraduate research Symposium “Validation of a Diabetic Foot Surgery Classification” Silver Award for best abstract in diabetes section, Chicago, April, 2006
 31. 2005 National Podiatric Postgraduate research Symposium “Evaluation of removable and irremovable cast walkers in the healing of diabetic foot wounds: a Randomized Controlled Trial”, Gold Award for best abstract in diabetes section, Chicago, April, 2005
 32. 2005 National Podiatric Postgraduate research Symposium “Can the Use of a Topical Antifungal Nail Lacquer Reduce Risk for Diabetic Foot Ulceration? Results from a Randomized Controlled Trial”, Silver Award for best abstract in diabetes section, Chicago, April, 2005
 33. 2005 National Podiatric Postgraduate research Symposium “Outcomes of Allogenic Matrix Therapy in Treatment of Diabetic Foot Wounds”, Bronze Award for best abstract in diabetes section, Chicago, April, 2005

STUDENTS MENTORED & RESEARCH ACCOMPLISHMENTS (22)

(Listed in reverse chronological order of mentorship)

- Emily Chau – SCPM 2017
Project title: Characterization of Wounds in terms of Bioburden, Stem Cells, and Growth Factors
- Stephen Roescke – SCPM 2016
Project title: Identification of Biomarkers Associated with Prediction of Healing Versus Non Healing Diabetic Plantar Foot Ulcers
Awards: Rosalind Franklin University of Medicine and Science Students Dedicated to Diabetes Research and Education Initiative Award, October 2013
Best Student Poster, Dr. William M. Scholl College of Podiatric Medicine, Rosalind Franklin University of medicine and Science, All School Research Consortium, March, 2014
- Jason Kim – SCPM 2016
Project title: Gene Expression Changes in a Diabetic Wound Bed
Awards: First Place, Outstanding Student and Resident Poster Presentation, American Podiatric Medical Association National Scientific Conference, Honolulu, HI, July, 2014
Rosalind Franklin University of Medicine and Science Students
Dedicated to Diabetes Research and Education Initiative Award, October 2013
- Michael Czurylo – SCPM 2016
Project title: Optimizing the Insole of a Removable Cast Walker for the Offloading of Diabetic Feet
Abstract submitted to American Podiatric Medical Association Scientific Conference for presentation, January, 2014

- Neringa Kunigonis – SCPM 2015
Project title: Diabetic Compression Socks in Edematous Diabetic Patients, A Randomized Controlled Trial
Research presentation: poster presentation at American Podiatric Medical Association Scientific Conference, Las Vegas, July, 2013
- Cassey Crowell – SCPM 2015
Project title: Serum Biomarkers in the Identification of Healing versus Non Healing Wounds
Award: Silver Award, Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Las Vegas, July, 2013
- Farheen Wahid – SCPM 2015
Project title: Expression of Cytokines and Growth Factors in Healing versus Non Healing Wounds
Research presentation: poster presentation at American Diabetes Association Scientific Symposium, Chicago, IL, June, 2013
- Shrunjay Patel – SCPM 2015
Project title: CCN2/CCN3 as Possible Regulators of Wound Healing
Award: Best poster, Scholl Section, All School Research Consortium, Rosalind Franklin University of Medicine and Science, North Chicago, IL, March, 2013
- Peter Bellezza – SCPM 2014
Project title: Influence of Muscular Fatigue on Postural Control Strategy Using Innovative and Wearable Technology
Award: Received research funding from American Podiatric Medical Student Association for project, May, 2012
Publication: manuscript submitted to Journal of the American Podiatric Medical Association, currently under review
- Rachel Baisch – SCPM 2014
Project title: Assessment of Postural Control with Custom Skate Orthoses in Advanced Figure Skaters
Award: Received research funding from American Podiatric Medical Student Association for project, May, 2012
Publication: manuscript submitted to Footwear Science, currently under review
- Amanda Harwood – SCPM 2014
Project title: Presence of Angiogenic Growth Factors in Diabetic Ulcerations Surgical Debridement
Award: Silver Award, Student/Resident Research Category, American Podiatric Medical Association Scientific Conference, Washington DC, August, 2012
- Morgan Zellers – SCPM 2014
Project title: Bacterial Burden and Histological Changes with Progressive

Debridement of the Diabetic Foot Ulcer

Research presentation: One of five abstracts selected for oral presentation at the American Podiatric Medical Association Scientific Symposium, Washington DC, August, 2012

- Caroline Kaiser – SCPM 2014

Project title: Serum Profile of Chronic Diabetic Ulcers: Identification of Biomarkers as Indicators of Non-Healing Ulcers

Research presentation: One of six abstracts selected for oral presentation at the foot section at the American Diabetes Association Conference, Philadelphia, PA, June, 2012

- Jessica Minder – SCPM 2013

Project title: Assessment of Diabetic Compression Socks in Edematous Diabetic Patients

Research Awards: Gold Award, Student/Resident Research Category, American Podiatric Medical Association Annual Meeting, Boston, MA, July, 2011

AREAS OF RESEARCH INTEREST

1. Stem Cell and Tissue Regeneration
2. Biofilms and wound Bioburden

3. Activity monitoring and modulation in persons at high risk for diabetic foot ulceration and amputation
4. Offloading the Diabetic Foot
5. Risk factors for lower extremity complications in diabetes mellitus
6. Proactive prevention of lower extremity complications of diabetes
7. Diabetic Foot Infection
8. The effect of diabetes on lower extremity mobility and function
9. Footwear and insoles to prevent ulceration and reulceration in high risk diabetic patients
10. Classification of risk factors for lower extremity amputation in diabetes mellitus
11. Diabetic foot surgery: Classification/Outcomes
12. Epidemiology of diabetes-related lower extremity amputations in minorities
13. Diagnosis and management of acute Charcot's arthropathy
14. Infrared dermal thermometry of the high-risk diabetic foot
15. The viscoelastic properties of skin

RESEARCH PROJECTS

Funded Research Projects

(Listed in reverse chronological order of award date)

1. Principal Investigator, "Summer Research Fellowship Program for Podiatric Medical Students" NIH T35 Grant 2T35DK074390-06, \$288,000, 2014-2018
2. Principal Investigator, "Effect of Topical Oxygen on the Wound Environment and Patient's Quality of Life." EO2, Inc. Anticipated project period: 8/14/2014 to 8/15/2015. Budget \$83,805.84
3. Principal Investigator, "A Phase 2 Multicenter, Randomized, Double-Blind, Placebo-Controlled, Dose Range Finding Study to Evaluate the Efficacy and Safety of Intramuscular Injection of Human Placenta-Derived Cells (PDA-002) in Subjects Who Have Diabetic Foot Ulcer With Peripheral Arterial

Disease Phase 2 study.” Budget: finalized at \$82,943. Clinical trial agreement in process.

4. Principal Investigator, "A Randomized, Double-Blind, Multicenter, Superiority, Placebo-Controlled Phase 3 Study of Pexiganan Cream 0.8% Applied Twice Daily for 14 days in the Treatment of Adults with Mild Infections of Diabetic Foot Ulcers". Dipexium Pharmaceutical Inc. Anticipated Award total \$162,812.50. Overall Project Period is 08/20/14 to 8/19/15
5. Principal Investigator, “A Phase 1, multicenter, open-label, dose-escalation study to evaluate the safety and efficacy of intramuscular injection of human placenta-derived cells (PDA-002) in subjects with peripheral arterial disease and diabetic foot ulcer.” Celgene Ltd., Anticipated Award Total \$152,709.50, 2013-2015
6. Co-Principal Investigator “Supporting Therapists in Motion-Based Gaming for Brain Injury Rehabilitation.” RFUMS-DePaul Collaborative Grant. Funding period: 09/01/2013-11/30/2014. Budget: \$54,620
7. Investigator “Optimizing the Insole of a removable cast walker for the offloading of diabetic feet.” Project period: 05/01/2013-04/30/2014. Total Award: \$27,485.00
8. Co-Principal Investigator “Stem Cell Recruitment in Wound Healing.” “RFUMS Interdisciplinary Pilot Grant Program. Project period 06/01/2012-10/01/2013
9. Principal Investigator “A Phase III Randomized, Double Blind, Placebo Controlled Study Investigating the Efficacy of HP802-247 in Venous Leg Ulcers” (Protocol 802-247-09-015). Healthpoint, Ltd., Anticipated Award Total \$186,000, 2012 -2014
10. Principal Investigator “A Non Interventional Safety Study Providing 12 Months Follow –up From First Exposure to HP802-247 in Subjects with Venous Leg Ulcers.” Project period 4/23/2012 – 6/30/2015. Anticipated Award Total: \$60,475.00.
11. Principal Investigator “A Phase III, Multinational, Multicenter, Randomized Double-blind, Parallel group, Sham-Controlled study to elevate the Safety, Tolerability and Efficacy of 'CUREXCELL' as an adjunct to good wound care measures in treating Lower Extremity Chronic Ulcers in Adults with Diabetes Mellitus” Macrocare Ltd., Anticipated Award Total \$183,328, 2012-2014
12. Principal Investigator “Influence of Muscular Fatigue on Postural Control Strategy Using Innovative and Wearable Technology”, APMSA, \$1000, 2012-2014

13. Principal Investigator “Assessment of Postural Control with Custom Skate Orthoses in Advanced Figure Skaters”, APMSA, \$1000, 2012-2013
14. Principal Investigator “Efficacy of a Mild Compression Diabetic Sock Versus a Non-Compression Diabetic Sock in the Control of Lower Extremity Edema in Persons with Diabetes, A Randomized Controlled Trial” Sigvaris Ltd., Total Budget \$120,000, 2011 -2013
15. Principal Investigator “Efficacy of a Mild Compression Diabetic Sock in Reducing Lower Extremity Edema in Persons with Diabetes” Investigator Initiated Trial. Sigvaris Ltd., \$30,000, 2010 -2011
16. Principal Investigator, National Institutes of Health, Summer Research Fellowship Program for Podiatric Medical Students 1T35DK074390-01, 2009-2014, \$396,576
17. Principal Investigator “A Phase II Randomized, Double Blind, Placebo Controlled Dose Finding Study Investigating the Efficacy of HP802-247 in Venous Leg Ulcers” (Protocol 802-247-09-015). Healthpoint, Ltd., \$100,000, 2009 -2010
18. Investigator, A Double-Blinded, Randomized, Controlled Evaluation of High Voltage Pulsed Current Electrical Stimulation for the Treatment of Loss of Protective Sensation in Patients with Diabetic Peripheral Neuropathy, WaveRx, \$104,215, 2009-2010
19. Principal Investigator “Pivotal Study to Evaluate the Efficacy and Safety of Dermal – Living Skin Replacement (Dermal – LSR) in the Treatment of Chronic Venous Insufficiency Ulcers”, Intercytex Inc., \$180,000 2008-2010
20. Principal Investigator “Evaluation of Nonadherent Silver Impregnated Contact and Foam Dressing in Wound Healing”, Hollister Wound Care Inc., Budget: \$56,000 2008-2010
21. Investigator, CP-B15 Evaluation of a Medical Food on Chronic Wounds, Abbott Nutrition, \$74,562.50, 2008-2009
22. Principal Investigator “A Randomized Controlled, Open Label Study to Investigate the Safety and Efficacy of a Topical Gentamicin-Collagen Sponge (Collatamp G) Compared to Levofloxacin in Diabetic Patients with a Mild Infection of a Lower Extremity Skin Ulcer (Protocol INN-TOP-001). Innocoll Technologies, \$60,000, 2007-2008
23. Principal Investigator (Rosalind Franklin University section), National Institutes of Health, “Instant Total Contact Cast to Heal Diabetic Foot Ulcers”, 2007-2012, 1R01DK074483, \$1,282,883 10% effort

24. Investigator “A Prospective, Multi-Center, Randomized, Double-masked, Controlled, Clinical Investigation of Dermacyn as a Replacement Solution with Versajet Levage System”, Investigator Initiated w/Oculus, \$99,375, 2006-2007
25. Investigator “Topical Collagen-Silver versus Standard Care Following Phenol Ablation of Ingrown Nails: A Randomized Controlled Trial”, Investigator Initiated w/ Ethicon, \$75,450, 2006-2007
26. Investigator “The Prevalence of Onychodystrophy and its Relationship to Diabetic Foot Ulceration”, The Council of Nail Disorders, \$10,000, 2006.
27. Investigator “Topical Collagen-Silver versus Standard Care Following Phenol Ablation of Ingrown Nails: A Randomized Controlled Trial”, Investigator Initiated w/ Ethicon, \$75,450, 2006-2007
28. Investigator “A Prospective, Multi-Center, Randomized, Double-masked, Controlled, Clinical Investigation of Dermacyn as a Replacement Solution with Versajet Levage System”, Investigator Initiated w/Oculus, \$99,375, 2006-2007
29. Principal Investigator, “Pivotal study to evaluate the efficacy and safety of dermal-living skin replacement (Dermal-LSR) in the treatment of chronic diabetic foot ulcers,” Apo Pharma, Inc., \$100,000, 2006-2007
30. Investigator, “Improving sensory function in patients with diabetic peripheral neuropathy using low-level electrical neurostimulation,” Afferent Corporation, \$75,000, 2006-2007.
31. Investigator, “Use of Injectable Poly-L-Lactic Acid to Mitigate Pressure and Risk for Ulceration in the High Risk Diabetic Foot”, Sanofi-Aventis, \$145,017, 2005-2007
