What are Financial Disclosure Reports?

Financial Disclosure Reports include information about the source, type, amount, or value of the incomes of Members, officers, certain employees of the U.S. House of Representatives and related offices, and candidates for the U.S. House of Representatives.

These reports are filed with the Clerk of the House as required by Title I of the Ethics in Government Act of 1978, as amended. 5 U.S.C. app. 4 § 101 et seq.

Section 8 of the STOCK Act of 2012, as amended, requires the Clerk of the House of Representatives to provide online public access to financial disclosure reports filed by Members of Congress and candidates for Congress.
